Managerial Accounting Lawrence A. Gordon, 2000 The 5th edition of Managerial

Accounting Concepts and Empirical Evidence by Dr Lawrence A Gordon the Ernst Young Alumni Professor of Managerial Accounting in the Robert H Smith School of Business at the University of Maryland and published by McGraw Hill is leading the way in showing the impact of the new information economy on managerial accounting Although maintaining its grounding in economic concepts this new edition of the book has explicitly integrated discussions on the Internet e commerce enterprise resource planning ERP software and Internet based often called dot com firms into such managerial accounting topics as profit planning activity based costing pricing decisions and performance measures For example in the chapter on financial performance measures the reader finds a discussion on how the traditional link between accounting earnings and market value needs to be reconsidered for Internet based firms In addition relevant websites are provided on the inside of the back cover of the book Furthermore supplementary material is easily accessed and downloaded via the Internet Like earlier editions the fifth edition of the book is still intended to be a text with a research flavor As such the book is primarily intended for a first year MBA MS course in managerial accounting The book is also appropriate for a first course in managerial accounting for talented undergraduate students By focusing on the book s more quantitative material including Appendices strategy organizational change material and the references to empirical studies the book would be appropriate for a graduate level as well as undergraduate level advanced managerial accounting course Earlier editions of the book have also been very successfully utilized in executive development programs and the new edition should be even more appropriate for such use due to its emphasis on the new information economy For more information about this book check out the author s home page at the University of Maryland <http://www.rhsmith.umd.edu/accounting/lgordon>

The McGraw-Hill Guide to Starting Your Own Business Stephen C. Harper, 2003-06-30 The bestselling first edition of The McGraw Hill Guide to Starting Your Own Business sold more than 75 000 copies and took the reader step by step through the entire process of starting a new venture This completely revised second edition once again shows entrepreneurs the keys to determining the best business opportunities creating a business plan and formulating a winning marketing strategy In addition it now profiles alternative sources of funding from SBA loans to angel investors and provides valuable do s and don t s from over one hundred entrepreneurs
