Mio Stride User Guide:

An Interpretive Guide to Operatic Arias Martial Singher, 2015-09-22 A premier singer and master teacher here tells other singers how to get the most from 151 famous arias selected for their popularity or their greatness from 66 operas ranging in time and style from Christopher Gluck to Carlisle Floyd from Mozart to Menotti The most memorable thrills in an opera singer's life according to the author's Introduction may easily derive from the great arias in his or her repertoire This book continues the work Martial Singher has done in performances in concerts and in master classes and lessons by drawing attention not only to precise features of text notes and markings but also to psychological motivations and emotional impulses to laughter and tears to technical skills to strokes of genius and even here and there to variations from the original works that have proved to be fortunate For each aria the author gives the dramatic and musical context advice about interpretation and the lyric with the original language if it is not English and an idiomatic American English translation in parallel columns The major operatic traditions French German Italian Russian and American are represented as are the major voice types soprano mezzo soprano tenor baritone bass baritone and bass The dramatic context is not a mere summary of the plot but is a penetrating and often witty personality sketch of an operatic character in the midst of a situation The musical context is presented with the dramatic situation in a cleverly integrated way Suggestions about interpretation often illustrated with musical notation and phonetic symbols are interspersed among the author's explication of the music and the action An overview of Martial Singher's approach based on fifty years of experience on stage in a hundred roles and in class at four leading conservatories is presented in his Introduction As the reader approaches each opera discussed in this book he or she experiences the feeling of participation in a rehearsal on stage under an urbane though demanding coach and director The Interpretive Guide will be of value to professional singers as a source of reference or renewed inspiration and a memory refresher to coaches for checking and broadening personal impressions to young singers and students for learning to teachers who have enjoyed less than a half century of experience and to opera broadcast listeners and telecast viewers who want to understand what goes into the sounds and sights that delight them **Routledge Handbook of Qualitative**

Methods for Researching Disability in Physical Education Anthony J. Maher, Justin A. Haegele, Janine Coates, 2026-01-23 This is the first book to introduce qualitative research methods in the study of disability and physical education It outlines key concepts and theories in disability and physical education providing a platform for understanding before exploring the full range of methodologies and techniques for research data gathering and data representation Written by a team of leading researchers from around the world every chapter introduces a research theory approach method or tool provides a critical discussion about how that theory approach method or tool has been used or might be used and offers signposts to future directions for research in that area This book explores established research methods and cutting edge methods that are being applied to disability and physical education for the first time from narrative inquiry ethnography and action research to

creative nonfiction sensory methods and participatory approaches This book places an emphasis on approaches that consider disabled children and young people as active rather than passive agents involved in data gathering and on ways in which researchers and research participants can utilise data to best represent views toward and experiences of disability and physical education This is an essential reference volume for any advanced student researcher pre service educator in service educator or coach with an interest in disability and physical education
