Connecting People to Their Oceans: Issues and Options for Effective Ocean Literacy Angel Borja, Francesca Santoro, Gail Scowcroft, Stephen Fletcher, Pierre Strosser, 2020-03-25 While there is growing evidence of the importance of marine ecosystems for our societies evidence shows also that pressures from human activities on these ecosystems are increasing putting the health of marine ecosystems at stake worldwide Hence Blue Economy is becoming an important component of future socio economic development strategies e g this is called Blue Growth in Europe that eventually can result in increasing pressures at sea and despite the current regulatory framework in particular with the Oceans Act in USA or Canada and the Marine Strategy Framework Directive in Europe it is likely that this situation will continue in the future Ensuring all those connected to the sea directly or indirectly gain a better understanding of the importance of the seas the human sea interactions and opportunities to act better and reduce impacts from human pressures is central to Ocean Literacy OL Receiving increasing attention in Europe and USA OL is a challenge for all parts of society educators 2 the role OL could play in interaction with innovation regulation economic incentive social norms to support human capital development as key component of sustainable growth and 3 pre conditions for effective OL for different sectors and target groups Questions relevant to OL include Which knowledge produced by whom to share and how Who to target and how to effectively reach those targeted How to design OL initiatives including by mobilizing those targeted via living lab approaches e g to ensure effective OL and pave the way for behavior change What are the knowledge gaps that limit our capacity to design effective OL As scientists it is likely you have many more questions to offer and discuss **Inclusive and Accessible**

Secondary Science Jane Essex, 2023-07-20 Drawing on extensive professional experience and detailed empirical evidence this resource sets out an insightful highly practical approach to teaching science to secondary aged students with learning difficulties and other special educational or additional support needs SEND ASN The book explores the barriers that the secondary school science curriculum currently presents to those who do not learn in the expected way before providing a wealth of practical strategies to help teachers in both specialist and mainstream settings to make science more accessible Multiple science topics are covered in depth including living and non living matter the periodic table electrical energy the solar system the environment and more Each topic is supported by extensive teachers notes outlining activities that will allow educational practitioners to enact the principles of accessibility in the classroom With rich field notes and practical takeaways included to accompany key insights this accessible book will provide science teachers at the secondary school level as well as support staff and anyone aspiring to teach science to SEN ASN learners with the guidance and resources they need to make science education meaningfully inclusive **Trust-Based Observations** Craig Randall, 2020-07-30 The results are in observations are not improving teaching and learning Pertinently the Gates Foundation s recently completed effort to improve student outcomes through enhancing the teacher evaluation process failed to achieve substantive

improvement The way observations are currently designed serve as an obstacle to teacher risk taking Teachers fear negative evaluations when their pedagogy is rated and they lack faith in being supported by supervisors because a trusting relationship between them and their observer has not been built Trust Based Observations Maximizing Teaching and Learning Growth is a schema changing evaluation model that understands people perform at their best when they feel safe and supported It begins with twelve 20 minute observations per week followed by collegial conversations driven by reflective questions sharing observed teaching strengths and the building of safe and trusting relationships with teachers Add the elimination of rating pedagogical skills and replace it with rating mindset and teachers trust When teachers fully embrace risk taking and innovation it leads to remarkable teaching transformations and improved student learning The ^AOxford Handbook of Assessment Policy and Practice in Music Education, Volume 2 Timothy Brophy,2019-01-02 In this two volume Handbook contributors from across the globe provide expert perspectives on the assessment measurement and evaluation of student learning in music **Political Pressures on Educational and Social Research** Karen Trimmer,2016-05-12 Political Pressures on Educational and Social Research draws upon a variety of theoretical and methodological approaches to consider the problems that can arise when research findings diverge from political directions for policy Chapters explore the impacts this can have on the researchers as well as the influence it has on the research including the methodology and the publication of results The book offers innovative ways of seeing how these connect overlap and interact revealing particular issues of concern for researchers and evaluators in the context of research internationally Key topics include the power and positioning of research evidence based policy development ethics and the importance of research that seeks to explore and discover knowledge The book is divided into two sections The first presents chapters from international academics which provide a theoretical underpinning and discussion of power policy ethics and their influence on research resourcing autonomy purpose and methodology The second section explores specific case studies and instances from the authors own experiences in the field This book offers an interesting and enlightening insight into the sometimes political nature of research and will appeal to researchers evaluators and postgraduate students in the fields of education and the social sciences It will be of particular interest to those studying research methods **Life Sciences** J. Grogan,2017 Solutions for All Life Sciences J. De Fontaine,2012 **Understanding Life Sciences** T. Isaac,2009
