Life Science Grade 1end Of Year Exam2014:

Social Studies Education in South and South East Asian Contexts Kerry J Kennedy, 2021-07-22 The education of young people is context bound This edited volume explores the contexts that characterise South and South East Asia and their influence on social studies education There is not a single context across this broad geographical expanse rather different religions different political systems and different values exert influences that create distinctive programmes that characterise different countries Yet there are also commonalities such as the post colonial nature of most of the countries portrayed in this book determined efforts at establishing new national communities and multiple value systems that lead to distinctive local priorities There are also voices of resistance in these chapters recognising the realities of local contexts but also recognising the need for change Social studies education in these contexts may well be descended from its origins in North America but in South and South Asian contexts it has taken on new purposes new forms and new values Education researchers policymakers and postgraduate students in comparative education will find the volume useful in its exploration and comparison of the social studies curricular and reforms that shaped them **Designing Effective Feedback**

Processes in Higher Education Naomi Winstone, David Carless, 2019-06-27 Feedback is one of the most powerful influences on student achievement yet it is difficult to implement productively within the constraints of a mass higher education system Designing Effective Feedback Processes in Higher Education A Learning Focused Approach addresses the challenges of developing effective feedback processes in higher education combining theory and practice to equip and empower educators It places less emphasis on what teachers do in terms of providing commentary and more emphasis on how students generate make sense of and use feedback for ongoing improvement Including discussions on promoting student engagement with feedback technology enabled feedback and effective peer feedback this book Contributes to the theory and practice of feedback in higher education by showcasing new paradigm feedback thinking focused on dialogue and student uptake Synthesises the evidence for effective feedback practice Provides contextualised examples of successful innovative feedback designs analysed in relation to relevant literature Highlights the importance of staff and student feedback literacy in developing productive feedback partnerships Supports higher education teachers in further developing their feedback practice Designing Effective Feedback Processes in Higher Education A Learning Focused Approach contributes to the theory and practice of higher education pedagogy by re evaluating how feedback processes are designed and managed It is a must read for educators researchers and academic developers in higher education who will benefit from a guide to feedback research and practice that addresses well recognised challenges in relation to assessment and feedback **IGNOU B.Ed Entrance Exam 2024 - Social Science (English Edition) | Indira Gandhi Open University | 15 Mock Tests** EduGorilla Community Pvt.
