Responsible Reproductive Choice in the 21st Century Malcolm de Roubaix, 2023-01-05 This book systematically traces the development significance and implications of female reproductive choice Paramount is the right to safe termination of pregnancy TOP In the USA these rights are under threat after the reversal of Roe v Wade 1973 confirming the eternally contested nature of the pro life pro choice standoff The approach is unique and from all angles historical social emotional and

legal South African experience is evaluated against a global backdrop Arguing from an ethics of responsibility the book presents a justified balanced rational and moderate position on the moral acceptability of TOP It proposes that the morality TOP be evaluated by balancing inherent foetal moral significance against contingent potentiality context and circumstance that may determine foetal development TOP is a choice a woman faces with each pregnancy It always has moral implications exclusive to the life of the woman So too do continued pregnancy and parenthood but these are of greater magnitude and duration
