## Introduction

The 1996 film *Matilda* is a beloved adaptation of Roald Dahl's classic children's novel. It tells the story of Matilda Wormwood, a bright young girl who loves to read and learn, but is constantly underestimated by her neglectful family. As Matilda grows up, she discovers not only her intelligence but also a unique power—telekinesis—which she uses to stand up for herself and others.

At school, Matilda's kind teacher, Miss Honey, recognizes her potential and encourages her love for learning. **Reading Families** Rebecca L. Krug, 2018-09-05 Rebecca Krug argues that in the later Middle Ages people defined themselves in terms of family relationships but increasingly saw their social circumstances as being connected to the written word. Complex family dynamics and social configurations motivated women to engage in text-based activities. Although not all or even the majority of women could read and write, it became natural for women to think of writing as a part of everyday life. *Reading Families* looks at the literate practice of two individual women, Margaret Paston and Margaret Beaufort, and of two communities in which women were central: the Norwich Lollards and the Bridgettines at Syon Abbey. The book begins with Paston's letters, which were written at her husband's request, and ends with devotional texts that describe the spiritual daughterhood of the Bridgettine readers. Scholars often assume that medieval women's participation in literate culture constituted a rejection of patriarchal authority. Krug maintains, however, that for most women, learning to engage with the written word served as a practical response to social changes and was not necessarily a revolutionary act. *A Guide to the Study of English History* William Thomas Morgan, 1926
