The perspectives of leading academics and researchers from Europe, North America, South America, Africa, Australasia, and Asia have been arranged around five key themes: Part 1 The Relationship Between Research Policy And Practice; Country Case Studies; Part 2 Equitable Early Childhood Services; Intervention to Improve Children's Life Chances; Part 3 Extending Practice: The Role of Early Childhood Services In Family Support; Part 4 Participation Rights and Diversity; Part 5 Future Directions for Early Childhood Policy. This handbook is essential reading for practitioners, stakeholders, and others committed to working within early years services to achieve an awareness of policy and its implications for services and practice.
