The Moving Image Workshop Heather D. Freeman, 2017-07-06 If you need a fun hands on introduction to core animation techniques then look no further Heather Freeman guides you through a wide range of practical projects helping you establish and build skills in narrative animation motion graphics and visual effects Each chapter begins by summarizing historical and theoretical concerns and connecting them with current practice and applications all beautifully illustrated with stills from classic commercial and independent films as well as contemporary examples from student work Having established this context the remainder of the chapter focuses on walking readers through their own creative projects Topics covered include early animation technologies and techniques scenes and staging character animation animated type visual effects and motion graphics pre through post production and experimental approaches to motion graphics Dozens of sample files are available online for experimentation and to get readers started on each exercise The companion website also includes example animations as well as links to recommended software tutorials recommended artist websites blogs and animation channels

Supervision and Coaching Hilary Cochrane, Trudi Newton, 2017-10-13 What is supervision and what is distinctive about supervision for coaches This book has a dual purpose to explore the value of supervision to both giver and receiver in a transformative relationship and to offer practical guidance for both beginning and experienced supervisors In *Supervision and Coaching* Hilary Cochrane and Trudi Newton create a story of supervision beginning with a challenge how can we find an understanding of what happens in supervision and what is it that we do that enables learning in this relationship to be both a source of professional growth and personal development The authors identify what goes on in the process of supervision whatever the field of application and look at the role of being a supervisor as separate and different from being a master practitioner or mentor With clarity and through real life examples

the book explores the relationship and the developmental impact of supervision using transactional analysis and other models to understand and discuss its psychological basis Supervision and Coaching includes current theories of adult learning and sections on creating effective contracts supervision with groups and working as an external supervisor for internal coaches Combining practical guidance for both beginning and more experienced supervisors with reflection on the underpinning roots of supervision Supervision and Coaching will be an essential resource for coaches in practice and in training coach supervisors and other people work professionals working in a supervisory role **Drawing the Landscape** Chip
