## Policy

### GENERAL PROVISIONS

**010. POLICY.** Policy consists of principles and values which guide the performance of a Department activity. Policy is not a statement of what must be done in a particular situation; rather, it is a statement of guiding principles which should be followed in activities which are directed toward the attainment of Department objectives.

Policy is formulated by analyzing objectives and determining through research those principles which will best guide the Department in achieving its objectives. Policy is based upon police ethics and experience, the desires of the community, and the mandate of the law.

Policy is articulated to inform the public and Department employees of the principles which will be adhered to in the performance of the law enforcement function. Additionally, policy establishes operational standards to assist Department employees in the necessary exercise of discretion in discharging their responsibility.

An officer in the performance of his duty is confronted with an infinite variety of complex situations which require police action. Since policy is objective rather than situation oriented, it is broad enough in scope to encompass most situations. Policy, therefore, must be stated in general terms.

### 020. GLOSSARY

**020.10 VALUE.** A value is a quality of performance or accomplishment. Values are the basis for the determination of objectives and may be both ethical and functional.

**020.20 OBJECTIVE.** An objective is a desired end for which effort is expended, and which, if attained, fulfills the purposes of the Department. Within each objective, there may be a number of ancillary objectives, each of which, if attained, contributes to the accomplishment of the police mission.

**020.30 PRINCIPLE.** A principle is a conceptual guide arrived at through logical deduction by evaluating experience with a view toward the attainment of objectives. A principle may be of assistance in the exercise of judgment in a duty-related activity and may be both ethical and functional.

**020.40 PROCEDURE.** A procedure is a method of performing an operation or a manner of proceeding on a course of action. It differs from policy in that it directs action in a particular situation to perform a specific task within the guidelines of policy. Both policies and procedures are objective oriented; however, policy establishes limits of action while procedure directs response within those limits.

**Dead Wrong** Randall Sullivan, 2019-06-18 The author of *LAByrnth* exposes the cover up surrounding Biggie Smalls murder with exclusive material from the FBI and his estate's wrongful death suit. In his 2002 book *LAByrnth*, acclaimed music journalist Randall Sullivan revealed the story of gangsta cops tied to Marion Suge Knight's rap label Death Row Records and allegedly to the murders of Tupac Shakur and the Notorious B I G. Now in *Dead Wrong*, Sullivan chronicles more than a decade in the B I G investigations and uncovers the conspiracy of silence blocking the wrongful death suit against the City. In 2001, an eyewitness identified the man who shot Biggie as Amir Muhammad, a former college roommate of LAPD officer Death Row associate and convicted bank robber David Mack. Yet LAPD Detective Russell Poole found his investigation repeatedly directed away from Mack and Muhammad. Biggie's estate then sued the city to find out why. But instead, investigators encountered a disturbing pattern of selective investigation, hidden evidence, and possible witness tampering. Exclusive interviews with the FBI's lead investigator of the Biggie murder demonstrate a conspiracy that went to the top and which implicates some of the most powerful men in law enforcement nationally. *Dead Wrong* is a gripping investigation into murder, police corruption, and the corridors of power in Los Angeles. [Los Angeles Police Department Meltdown](#) James Lasley, 2012-08-08 Once considered among the most respected police departments in the world, the LAPD suffered a devastating fall from grace following the 1991 police officer beating of Rodney King and the Los Angeles riots stemming from the officer's acquittal in 1992. Unique to the literature of policing, management, and policy studies, *Los Angeles Police Department: Federal Intervention in American Police Departments* Stephen Rushin, 2017-04-07 This book evaluates how structural reform litigation initiated by federal intervention has transformed police departments and reduced law enforcement misconduct. *California. **Empire** Donald L. Barlett, James B. Steele, 1979 [Howard Hughes](#) Donald L. Barlett, James B. Steele, 2011-04-11 The life that inspired the major motion picture *The Aviator* starring Leonardo DiCaprio and directed by Martin Scorsese, Howard Hughes has always fascinated the public with his mixture of secrecy, dashing lifestyle, and reclusiveness. This is the book that breaks through the image to get at the man. Originally published under the title *Empire: The Life, Legend, and Madness of Howard Hughes*. [Snitching](#) Alexandra Natapoff, 2022-11-15 Reveals the secretive, inaccurate, and often violent ways that the American criminal system really works. Curtis Flowers spent twenty-three years on death row for a murder he did not commit. Atlanta police killed 92-year-old Kathryn Johnston during a misguided raid on her home. Rachel Hoffman was murdered at age twenty-three while working for Florida police. Such tragedies are consequences of snitching. Although it is nearly invisible to the public, the massive informant market shapes the American legal system in risky and sometimes shocking ways. Police rely on criminal suspects to obtain warrants to perform surveillance and to justify arrests. Prosecutors negotiate with defendants for information and cooperation, offering to drop charges or lighten sentences in exchange. In this

book Alexandra Natapoff provides a comprehensive analysis of this powerful and problematic practice She shows how informant deals generate unreliable evidence allow serious criminals to escape punishment endanger the innocent and exacerbate distrust between police and poor communities of color First published over ten years ago Snitching has become known as the informant bible a leading text for advocates attorneys journalists and scholars This influential book has helped free the innocent it has fueled reform at the state and federal level and it is frequently featured in high profile media coverage of snitching debacles This updated edition contains a decade worth of new stories new data new legislation and legal developments much of it generated by the book itself and by Natapoff s own work In clear accessible language the book exposes the social destruction that snitching can cause in heavily policed Black neighborhoods and how using criminal informants renders our entire penal process more secretive and less fair By delving into the secretive world of criminal informants Snitching reveals deep and often disturbing truths about the way American justice really works *Gang Intelligence Manual* Bill Valentine,1995 Marauding gangs have become a fact of life in the U S but where did these violent groups come from and why are they so appealing to so many youths today This comprehensive guide provides answers to these questions and more It will open your eyes to a world few of us know but most of us fear Minnesota Law Review ,2015-04 **California.
