Stories from Exceptional Language Learners Who Have Achieved Nativelike Proficiency

Katarina Mentzelopoulos, Zoltán Dörnyei, 2022-10-25 It is generally understood that most language learners beyond a certain age are unlikely to ever reach nativelike proficiency in their second language However there exists a unique population of gifted adult learners who do triumph against all odds and achieve nativelike proficiency and their learning experiences have thus far remained a largely untapped gold mine The companion to *Lessons from Exceptional Language Learners Who Have Achieved Nativelike Proficiency* this volume presents the autobiographical learning stories of 30 such exceptional individuals opening a narrative window into their learning experiences This rich corpus of success stories reveals the many steps of these language learning journeys and the learners pathways to success A fascinating and readable collection of personal stories this volume will be of interest to non specialist language learners as a motivational primer for their own studies as well as researchers working in language learning psychology who will find the unique database of learner narratives a useful tool for future research

Strategies in Learning and Using a Second Language Andrew D. Cohen, 2014-06-11 *Strategies in Learning and Using a Second Language* examines what it takes to achieve long term success in languages beyond the first language Distinguishing language learning from language use strategies Andrew D Cohen disentangles a morass of terminology to help the reader see what language strategies are and how they can enhance performance Particular areas of research examined in the book include links between the use of task specific strategies and language performance how multilinguals verbalise their thoughts during language learning and use strategies that learners use in test taking contexts In this fully revised and substantially rewritten second edition every chapter has been reworked with material either updated or replaced Entirely new material has also been developed based on examples of specific strategies supplied by actual learners mostly drawn from a website featuring these strategies in the learning of Spanish grammar *Strategies in Learning and Using a Second language* will be an invaluable resource for language teachers and researchers as well as for administrators of second language programmes and for students of applied linguistics
