by Ben Lerner

"Happy were the ages when the starry sky was the map of
all possible paths, ages of such perfect social integration
that no drug was required to link the hero to the whole."

Examining an updated expatriate experience from Ernest Hemingway's "The Sun Also Rises" to Ben Lerner's "Leaving the Atocha Station" Alex Gibbs, 2016-09-06 Essay from the year 2016 in the subject English Language and Literature Studies Literature grade 10 University of Warwick course English and Comparative Literature language English abstract Hemingway's *Paris of the roaring twenties* as it is presented in *The Sun Also Rises* follows a group of

expatriates indulging in excess and pursuit of experience loose and heavy spending partying and a lot of alcohol A lost generation reeling from the shattering of pre war ideals and values most of them are veterans or in some way directly connected to the war It paints a lifestyle of an expatriate that is flashy glamorous yet somehow empty The novel s protagonist Jake Barnes is a man s man yet un manned by the war and terribly in love with fellow expatriate Lady Ashley Ben Lerner s 21st century addition to the American expatriate genre seems initially far removed from The Sun and not just as a result of the 90 odd years separating Madrid of 2004 from 1920s Paris Adam Gordon fraudulent protagonist of Leaving the Atocha Station is disillusioned with art poetry and authenticity in general His scholarship to Madrid has included little actual research his time is marked by consuming alcohol mounds of hash and attending occasional meaningless party and generally failing to accumulate experience Yet these two expatriate experiences are in discourse with one another through several key concerns of the genre the drive for experience the dangers of Europe the competence of the American expatriate and the unobtainable These various themes place these two texts in a conversation over what it means to be an American expatriate and how that experience has changed or updated from Hemingway s Spain and Paris to Lerner s Madrid particularly that expatriate identity even still exists

crisis of identity among white men *No Art* Ben Lerner,2016-11-03 This book brings together for the first time Ben Lerner's three acclaimed volumes of poetry along with a handful of newer poems to present a decade long exploration of the relationship between form and meaning between private experience and public expression *No Art* is an exhilarating argument both with America and with poetry itself in which online slang is juxtaposed with academic idiom philosophy collides with advertising and the language of medicine and the military is overlaid with echoes of Whitman and Keats Here clichs are cracked open and made new made strange and formal experiments disclose new possibilities of thought and feeling *No Art* confirms Ben Lerner as one of the most searching and ambitious poets working today **Locomotive Railway Carriage and Wagon Review** ,1926 *The Locomotive, Railway Carriage & Wagon Review* ,1926 *Moore's Monthly Magazine* ,1926 **Contemporary Novelists and the Aesthetics of Twenty-First Century American Life** Alexandra Kingston-Reese,2020-01-01 *Contemporary Novelists and the Aesthetics of Twenty First Century American Life* gives us a new way to view contemporary art novels asking the key question How do contemporary writers imagine aesthetic experience Examining the works of some of the most popular names in contemporary fiction and art criticism including Zadie Smith Teju Cole Siri Hustvedt Ben Lerner Rachel Kushner and others Alexandra Kingston Reese finds that contemporary art novels are seeking to reconcile the negative feelings of contemporary life through a concerted critical realignment in understanding artistic sensibility literary form and the function of the aesthetic Kingston Reese reveals how contemporary writers refract and problematize aesthetic experience illuminating an uneasiness with failure firstly about the failure of aesthetic experiences to solve and save and secondly the literary inability to articulate the emotional dissonance caused by aesthetic experiences now **The Market Logics of Contemporary Fiction** Paul Crosthwaite,2019-07-18 *Contemporary British and American fiction is defined by financial markets power over the global publishing industry and the global economy* **10:04** Ben Lerner,2014-09-02 Following the international buzz for his debut *Leaving the Atocha Station* comes 10 04 Ben Lerner's electric second novel that blends artistry and wit intelligence and tenderness A unique collision between art and life by an extraordinary young writer For readers of Jeffrey Eugenides Jonathan Lethem Sheila Heti *Leaving the Atocha Station* was hailed as one of the truest and funniest novels of his generation Lorin Stein *New York Review of Books* a work so luminously original in style and form as to seem like a premonition a comet from the future Geoff Dyer *The Observer* Now Lerner's second novel departs from *Atocha*'s exquisite ironies in order to explore new territories of thought and feeling In the last year the narrator of 10 04 has enjoyed unexpected literary success has been diagnosed with a potentially fatal heart condition and has been asked by his best friend to help her conceive a child despite his dating a rising star in the visual arts In a New York of increasingly frequent super storms and political unrest he must reckon with his biological mortality the possibility of a literary afterlife and the prospect of unconventional fatherhood in a city that might soon be under water In prose that Jonathan Franzen has called hilarious cracklingly intelligent and original in every sentence Lerner captures what it's like to

be alive now when the difficulty of imagining a future has changed our relation to both our present and our past Exploring sex friendship medicine memory art and politics 10 04 is both a riveting work of fiction and a brilliant examination of the role fiction plays in our lives

Finance Fictions Arne De Boever, 2018-03-06 *Finance Fictions* takes the measure of what it means to live in a world ruled by high finance by examining the tension between psychosis and realism that plays out in the contemporary finance novel When the things traded at the center of the economy cease to be things at all but highly abstracted speculations how do we come to see the real What sorts of narrative can accurately approach the actual workings of a neoliberal economy marked by accelerating cycles of market crashes economic and political crisis and austerity Revisiting such twentieth century classics of the genre as Tom Wolfe's *Bonfire of the Vanities* and Bret Easton Ellis's *American Psycho* De Boever argues that the twenty first century is witnessing the birth of a new kind of realistic novel that can make sense of complex financial instruments like collateralized debt obligations credit default swaps and digital algorithms operating at speeds faster than what human beings or computers can record If in 1989 Wolfe could still urge novelists to work harder to tame the billion footed beast of reality today's economic reality confronts us with a difference that is qualitative rather than quantitative a new financial ontology requiring new modes of thinking and writing Mobilizing the philosophical thought of Quentin Meillassoux in the close reading of finance novels by Robert Harris Michel Houellebecq Ben Lerner and less well known works of conceptual writing such as Mathew Timmons *Credit Finance Fictions* argues that realism is in for a speculative update if it wants to take on the contemporary economy and if whose implications turn out to be deeply political Part literary study and part philosophical inquiry *Finance Fictions* seeks to contribute to a new mindset for creative and critical work on finance in the twenty first century

Contemporary Fictions of Attention Alice Bennett, 2018-08-09 With the supposed shortening of our attention spans what future is there for fiction in the age of the internet *Contemporary Fictions of Attention* rejects this discourse of distraction crisis which suggests that the future of reading is in peril and instead finds that contemporary writers construct fictions of attention that find some value in states or moments of inattention Through discussion of work by a diverse selection of writers including Joshua Cohen Ben Lerner Tom McCarthy Ali Smith Zadie Smith and David Foster Wallace this book identifies how fiction prompts readers to become peripherally aware of their own attention *Contemporary Fictions of Attention* locates a common interest in attention within 21st century fiction and connects this interest to a series of debates surrounding ethics temporality the everyday boredom work and self discipline in contemporary culture

On the Outside Looking Out John Shoptaw, 1994 One of America's most important poets John Ashbery has dazzled readers with the elusive pleasures of his work for over four decades John Shoptaw heightens those pleasures by discovering the inner and outer workings of this incomparable poet In readings attuned to the textual sexual and historical specificities of Ashbery's poetic project from *Some Trees* through the vast summation of *Flow Chart* Shoptaw introduces readers to the poet's processes of production The first reader with full access to Ashbery's

manuscripts and source materials he is able to reveal the poet at work He shows us for instance how Ashbery built *Europe and The Skaters upon children's books* picked up at a Paris quai and how he drew on his own unpublished lyrics for the long dialogue *Fantasia on The Nut Brown Maid* Shoptaw argues that Ashbery's poems are less self-referential or nonrepresentational than misrepresentative fractious assemblies of odd details cryptic substitutions and artful and artless discourses He traces Ashbery's misrepresentative poetics to diverse sources Walt Whitman Raymond Roussel W H Auden Gertrude Stein Elizabeth Bishop Jackson Pollock and Elliott Carter among others Ashbery's poetry as Shoptaw demonstrates is inevitably homotextual while refraining from taking homosexuality as a topic Ashbery disorients his poems with unexpected silences lapses or wrong turns in arguments mock confessions and sudden abstractions As this book reveals Ashbery's misrepresentations yield a richer and stranger representation of ordinary experience Ashbery takes his paradoxical stand on the outside looking out of an American culture and history we recognize as our own **John Ashbery: Collected**

Poems 1956-1987 (LOA #187) John Ashbery, 2008-10-02 A definitive collection of works by the preeminent American poet

The Poem in Its Skin Paul Carroll, 1968 Essays about ten poets with text of the poems included [The Hatred of Poetry](#) Ben Lerner, 2016-06-07 No art has been denounced as often as poetry It's even bemoaned by poets I too dislike it wrote Marianne Moore Many more people agree they hate poetry Ben Lerner writes than can agree what poetry is I too dislike it and have largely organized my life around it and do not experience that as a contradiction because poetry and the hatred of poetry are inextricable in ways it is my purpose to explore In this inventive and lucid essay Lerner takes the hatred of poetry as the starting point of his defense of the art He examines poetry's greatest haters beginning with Plato's famous claim that an ideal city had no place for poets who would only corrupt and mislead the young and both its greatest and worst practitioners providing inspired close readings of Keats Dickinson McGonagall Whitman and others Throughout he attempts to explain the noble failure at the heart of every truly great and truly horrible poem the impulse to launch the experience of an individual into a timeless communal existence In *The Hatred of Poetry* Lerner has crafted an entertaining personal and entirely original examination of a vocation no less essential for being impossible [A Poetics of Impasse in Modern and Contemporary American Poetry](#) Susan M. Schultz, 2005 Addresses the problem of silence in contemporary experimental poetry and examines silence as an aesthetic strategy in itself The result is an extended meditation on the precarious balance among competing forces in liberating poetic discourse from the realms of silence and the impasses it creates
