**A Million Little Bricks** Sarah Herman, 2012-09-26 The LEGO Group's history is as colorful as the toys it makes. *Designing Retail Experience in the 21st Century* D.J. Huppertz, 2025-04-03 Covering 2001 to today *Designing Retail Experience in the 21st Century* presents readers with a critical cross-disciplinary perspective on retail design, bringing together scholarship from design, architecture, branding, cultural studies, and social studies. Our retail experience has changed profoundly over the past two decades, largely due to the impact of digital technologies. While the rise of smartphones and online commerce threatened to displace bricks and mortar stores, physical shopping has survived and in some cases thrived. Today the most successful brands design experiences that engage customers both within the physical store and in the digital realm. In this book, D.J. Huppertz analyses how corporations design these experiences, how we interact with them, and how they align with broader social, cultural, and economic changes. Eight case studies reveal how some of the largest global retail chains, including Apple, Amazon, Nike, Zara, IKEA, and LEGO, and smaller chains such as Aesop and Gentle Monster, utilize design to create engaging experiences. Unlike in the past, such corporations consider design in a continuum that extends from architecture and interiors to product and service design, and from website and digital interactions to social media. At the intersection of design and cultural studies, this book provides a critical survey and understanding of design and retail experience in the 21st century.

**Adaptation in the Age of Media Convergence** Johannes Fehrle, Werner Schäfke-Zell, 2025-10-01 This collection considers new phenomena emerging in a convergence environment from the perspective of adaptation studies. The contributions take the most prominent methods within the field to offer reconsiderations of theoretical concepts and practices in participatory culture, transmedia franchises, and new media adaptations. The authors discuss phenomena ranging from mash-ups of novels and YouTube cover songs to negotiations of authorial control and interpretative authority between media producers and fan communities, to perspectives on the fictional and legal framework of brands and franchises. In this fashion, the collection expands the horizons of both adaptation and transmedia studies and provides reassessments of frequently discussed BBC's *Sherlock* or the LEGO franchise, and previously largely ignored phenomena: self-censorship in transnational franchises, mash-up novels, or YouTube cover videos.

*Ed King* David Guterson, 2011-10-03 From the bestselling author of *Snow Falling on Cedars*, a dazzling, darkly funny, compulsively readable retelling of Sophocles's *Oedipus Rex* that takes us from the 1962 Seattle World's Fair to the twenty-first-century headquarters of an Internet search giant. Superbly organized and sophisticated. Excellently entertaining. *Sunday Times*: A great story and a riveting read. *Daily Mail*: In 1962, when Walter Cousins sleeps with his British au-pair Diane Burroughs, he can have no sense of the magnitude of his error; this brief affair sets in motion a tragedy of epic proportions, upending Sophocles's immortal tale of fate, free will, and forbidden desire. At the
