## **Mcpherson Collected Plays Vol Two:**

America-The Last Best Hope (One-Volume Edition) William J. Bennett, 2019-10-22 A single volume edition of William J. Bennett's bestselling series thoroughly revised and updated. The role of history is to inform, inspire, and sometimes provoke us, which is why Bill Bennett's wonderfully readable book is so important. Walter Isaacson: A decade ago William J. Bennett published a magisterial three-volume account of our nation's history. Now Bennett returns to that bestselling trilogy, revising and condensing his epic tale into one volume, a page-turning narrative of our exceptional nation. In Bennett's signature gripping prose, Washington, Franklin, Lincoln, Roosevelt, Reagan, and others reemerge not as marble icons or dust-dry names in a textbook but as full-blooded heroic pioneers whose far-reaching vision forged a nation that attracted and still attracts millions yearning to breathe free. In this riveting volume, Bennett covers America's greatest moments in breath-taking detail: from the heroism of the Revolution to the dire hours of the Civil War, from the progressive reforms of the early 1900s to the civil rights reforms of the 1960s, from the high drama of the Space Race to the gut-wrenching tension of the Cold War, from the fall of the Berlin Wall and the collapse of global Communism to the attacks of 9/11 and the war on terror. William J. Bennett captures the players, personalities, and pivotal moments of American history with piercing insight and unrelenting optimism. In this gripping tale of a nation, the story of what Lincoln referred to as the last best hope of earth comes alive in all its drama and personality.

**The Politics Presidents Make** Stephen Skowronek, 1997-03-25 This wholly innovative study demonstrates that presidents are persistent agents of change, continually disrupting and transforming the political landscape. But each president also inherits a particular type of political context, a regime shaped by his predecessors that he either rejects or affirms.

Maltz, 1990 Through a close analysis of legislative proceedings and of the precise language used, Maltz builds a strong case that Congressional actions on civil rights, including statutes such as the Freedman's Bureau Bill, the District of Columbia Suffrage Bill, and the Civil Rights Act of 1866, as well as the thirteenth, fourteenth, and fifteenth amendments of the early Reconstruction era, generally reflected the ideology and intentions of the more conservative Republicans. These moderates advocated limited, absolute equality.

rather than total racial equality and opposed the undue federal regulation of private and state actions
