**Range Rover First Generation** James Taylor, 2018-04-23 The Range Rover's designers intended it to be a more comfortable and road friendly passenger carrying Land Rover but customers quickly saw something much more in it. During the 1970s while its immense practicality and capability were appreciated and acknowledged a Range Rover became a sought after and prestigious possession. It went on to change the face of Land Rover for ever. *Range Rover First Generation The Complete Story* delves into the real story of the Range Rover examining what lay behind the multiple changes in its twenty six years of production. The book covers the full development story custom and utility conversions Range Rovers for the US market full technical specifications and Range Rovers assembled overseas. If ever a car deserved the over used epithet iconic the first generation Range Rover is it. The book provides an insight into the little known difficulties and problems that were so well concealed by the Range Rover's makers and is a must read for all Range Rover and Land Rover enthusiasts. Superbly illustrated with 223 colour and 97 black white photographs. *2016 Passenger Car and 2015 Concept Car Yearbook*

Automotive Engineering International, 2015-12-15 Carmakers release new models every year with advanced technology to attract consumer interest and to satisfy increasingly stringent government regulations. Some of these technologies are firsts or leading edge and they start trends that more companies will soon follow. Snapshots of the direction of the automotive industry along with OEM and supplier perspectives are presented in these articles that have been collected by the Editors of Automotive Engineering whose aim is to provide the reader with a complete overview of the key advances that took place over the course of one model year. Provides a single source for information on the key engineering trends of one year. Allows the reader to skip to chapters that cover specific car models that interest them or read about all models from beginning to end. Includes plenty of big full color images and the facts about the most recent technology and engineering innovations. Each car manufacturer has its own chapter exploring new models in depth. The yearly trends and innovations that make the automotive industry fascinating to both the engineer and the customer are all captured in the imagery and easy reading of this full color book.
