Flint River User's Guide Joe Cook, 2017-04-01 The Flint River is arguably Georgia's most beautiful river and in terms of the terrain through which it flows on its 344 mile journey there is not another Georgia river that exposes the river traveler to more diverse vistas. From the bottomland swamps in its headwaters through soaring views of Pine Mountain and rapids in the Piedmont to breathtakingly clear springs in the Coastal Plain, the Flint is filled with surprises at virtually every bend. The Flint River User's Guide, the fourth in a series of Georgia River Network recreational guidebooks, is a portal to adventure on this spectacular river. The book brings to life the river's cultural and natural heritage while providing all the details needed to get out on the river and enjoy it via canoe, kayak, paddleboard, or motorized vessel. Whether in your canoe on the river or on your couch at home, the Flint River User's Guide will immerse you in the story of the river, which also happens to be the story of those communities along its course from the headwaters in the suburbs of metro Atlanta to the backwaters of Lake Seminole near the Florida state line. Features: An introduction and overview of the river. Chapters describing each river section with detailed maps and notes on river access and points of interest. A compact natural history guide featuring species of interest found along Georgia's rivers. Notes on safety and boating etiquette. A fishing primer. Notes on organizations working to protect the river. Printed on waterproof paper.

Chattahoochee River User's Guide Joe Cook, 2014-08-15 The Chattahoochee River is one of the premier waterways of Georgia and the Southeast. It is a mecca for summer recreation, a priceless natural resource that provides water and power for a great number of Georgia's citizens, and an essential component to the region's ecosystem. As public interest in both exploring and protecting Georgia's rivers, such as the Chattahoochee, grows, so too has the demand for clear and elegant guides to our rivers. The Chattahoochee River User's Guide, the latest in a series of river guides from Georgia River Network and the University of Georgia Press, aims to meet that demand. The Chattahoochee River User's Guide traces the 430-mile course of the Hooch from its headwaters at a spring on Coon Den Ridge near Jacks Knob in northeastern Georgia to its confluence with the Flint River where they form the Apalachicola River. The Georgia River Network guides provide many little-known facts about Georgia's rivers, bring to life the river's cultural and natural history, and present river issues in an immersive and engaging manner that will inspire users to help protect their local waterways. The guide includes 200 color photographs, 32 user-friendly maps that reveal the town's roads, entry points, bridges, public lands, parks, and other landmarks along the river's course from the southern Blue Ridge Mountains to the Georgia-Florida border. Detailed practical information about public access points, potential hazards, camping facilities, and GPS coordinates for points of interest. A primer on fishing.
