Kuwait Governance Security And U S Policy Crs Reports:

Kuwait Kenneth Katzman,2021 **The Resilience of Parliamentary Politics in Kuwait** Courtney Freer,2024 The first English language political history of Kuwaiti parliament this book provides an unprecedented holistic treatment of grassroots contemporary Kuwaiti politics in English in over two decades incorporating the country's political dynamics into broader debates about the limits of authoritarianism and the practice of democracy in the Arab world particularly in oil wealthy states Author Courtney Freer uses the lens of parliamentary elections as a means of understanding the political ideologies that have dominated in Kuwait since independence As such it situates the dynamics of Kuwaiti politics within broader political science debates about whether democratic institutions in hybrid regimes are meaningful arenas for popular contestation or only serve to enhance autocratic rule Given the varying portrayals of Kuwait as robust authoritarianism upgraded authoritarianism or a noteworthy site of democratic participation **The Resilience of Parliamentary Politics in Kuwait** Parliament Rentierism and Society focuses on the ideologies that have mobilized political blocs rather than solely focusing on the institutions of political power themselves Freer includes extensive fieldwork and the use of Arabic and English primary sources to assess and examine the institutional setting that Kuwait presents and traces the dominant ideological strands in the country considering the comparative mobilizational potential of ascriptive identities like tribe and sect **Kuwait** Congressional Research Service,2015-02-03 Kuwait has been pivotal to U S efforts to secure the Persian Gulf region because of its willingness to cooperate with U S strategy and military operations in the region its location close to both Iran and Iraq and its role as the object of past Iraqi aggression Kuwait arguably became even more central to the U S ability to project power in the northern Persian Gulf when all U S combat troops left Iraq in 2011 Kuwait has helped Iraq reintegrate into the Arab world it is supporting U S efforts to contain Iranian power and enforce Iran sanctions and it is procuring missile defense technology that furthers the U S goal of a GCC wide missile defense network Still as demonstrated by the Amir of Kuwait's May 2014 visit to Iran Kuwait maintains relatively normal economic and political relations with Iran so as not to provoke the Islamic Republic Kuwait receives no U S foreign assistance and has instead been a donor of both cash and in kind support to U S operations in the region since Iraq's 1990 invasion of Kuwait Kuwait is supporting U S led efforts to defeat the Islamic State organization in Iraq and Syria by placing its airbases and other military facilities at the disposal of the U S led anti Islamic State coalition even though Kuwait is not itself participating in coalition military operations against the group Kuwait hosts the forward command center for Operation Inherent Resolve that is attempting to degrade and ultimately defeat the Islamic State organization Yet U S Kuwait differences have emerged over what U S officials say is Kuwait's inability to stanch the flow of private Kuwaiti funds to extremist Islamist groups fighting in Syria Kuwait's government supports the Sunni led rebellion in Syria with humanitarian aid only On other regional issues Kuwait generally acts in partnership with its allies in the Gulf Cooperation Council GCC In March 2011 Kuwait sent naval forces as a largely symbolic participation in GCC military

intervention to help Bahrain's government suppress an uprising by the majority Shiite population Kuwait's leadership along with that of Saudi Arabia and UAE sees Muslim Brotherhood related organizations as a domestic threat and all three countries supported the Egyptian military's July 2013 removal of elected president and senior Muslim Brotherhood leader Mohammad Morsi from power Kuwait has tended to defer to GCC leader Saudi Arabia and other GCC states in offering proposals to resolve the Israeli Palestinian dispute Domestically Kuwait's political system was in turmoil during 2006 2013 initially manifesting as parliamentary opposition to Sabah family political dominance but later broadening to visible public unrest in 2012 2013 Disputes over the ruling family's power and privileges produced repeated constitutional dissolutions of the all elected National Assembly and new elections the latest of which were held on July 27 2013 The July 2013 elections produced a pro government Assembly more amenable to working with the ruling family ushering in a period of renewed legislative and governmental action on long standing issues and an end to most public protest Yet the ruling family has not necessarily eliminated the causes of the unrest Kuwait remains a relatively wealthy society where most citizens do not want to risk their economic well being to try to bring about the downfall of Al Sabah rule The government has reduced unrest by implementing budgets replete with subsidies and salary increases and undertaking some repressive measures such as imprisoning or revoking the citizenship of social media critics for insulting the Amir These measures have tarnished Kuwait's reputation as the most politically progressive of the GCC states The years of political paralysis also have contributed to economic stagnation relative to Kuwait's more economically vibrant Gulf neighbors such as Qatar and the United Arab Emirates UAE

Kuwait Congressional Service,Createspace Independent Pub,2017-03-12 Kuwait remains pivotal to U S efforts to secure the Persian Gulf region because of its consistent cooperation with U S strategy and operations in the region and its proximity to both Iran and Iraq Kuwait and the United States have a formal Defense Cooperation Agreement DCA under which the United States maintains forces and pre positioned military equipment in Kuwait These forces contribute to U S efforts to project power and otherwise operate in the region including to combat the Islamic State Kuwait receives no U S foreign assistance and has offset some of the costs of U S operations in the region since Iraq's 1990 invasion of Kuwait On regional issues Kuwait usually but not always acts in concert with its allies in the Gulf Cooperation Council GCC Saudi Arabia Kuwait UAE Qatar Bahrain and Oman In March 2011 Kuwait supported the GCC military intervention to help Bahrain's government suppress an uprising by the majority Shiite population but it sent only largely symbolic naval ships and not ground forces Kuwait's leadership along with that of Saudi Arabia and UAE sees Muslim Brotherhood related organizations as a potential domestic threat and all three countries supported the Egyptian military's July 2013 removal of elected president and senior Muslim Brotherhood leader Mohammad Morsi Kuwait is participating militarily in the Saudi led coalition that is trying to defeat the Shiite Houthi rebel movement in Yemen but has also focused on trying to forge a diplomatic solution to that conflict Kuwait has supported U S efforts to contain Iran and has periodically arrested Kuwaiti

Shiites that the government says are spying for Iran but it also engages Iran at high levels including on the Yemen conflict As part of this engagement in mid February 2017 Iran s President Hassan Rouhani visited Kuwait and the other GCC state that consistently engages Iran the Sultanate of Oman Kuwait has generally refrained from offering its own proposals to resolve the Israeli Palestinian dispute Kuwait supports U S led efforts to combat the Islamic State organization by hosting the operational command center for U S led Operation Inherent Resolve OIR and allowing U S and partner forces to use its military facilities but it is not participating militarily in OIR Some U S Kuwait differences linger over Kuwait s apparent failure to prevent wealthy Kuwaitis from raising funds for extreme Islamist rebels in Syria or elsewhere Kuwait s political system and political culture has been widely viewed as a regional model It has successfully incorporated secular and Islamist political factions both Shiite and Sunni for many decades However Kuwait experienced political turmoil during 2006 2013 initially manifesting as parliamentary opposition to Sabah family political dominance but later broadening to visible public unrest in 2012 2013 over the ruling family s power and privileges Parliamentary elections in July 2013 produced a National Assembly amenable to working with the ruling family but the elections held on November 26 2016 saw a return to political strength of Islamist and liberal opponents of the Sabah family who held sway in earlier Assemblies The government also has increasingly imprisoned and revoked the citizenship of social media critics for insulting the Amir tarnishing Kuwait s reputation for political tolerance On the other hand Kuwait has made increased efforts to curb trafficking in persons causing the State Department to upgrade Kuwait s rating in the 2016 report on that issue Years of political paralysis also have contributed to economic stagnation relative to Kuwait s more economically vibrant Gulf neighbors such as Qatar and the United Arab Emirates UAE As are the other GCC states Kuwait is also struggling with the consequences of the sharp fall in oil prices since mid 2014

US Democracy Promotion in the Middle East Dionysis Markakis, 2015-08-27 US Democracy Promotion in the Middle East seeks to explore the changes in US strategy towards democracy promotion in the Middle East during the Clinton and Bush administrations with a particular focus on Egypt Iraq and Kuwait At a time of regional turmoil and political reform the topic of democracy promotion has never been more pertinent We are witnessing the emergence of popular movements that are challenging authoritarian governments long supported by the US Tracing the contours of the ongoing transition in US policy in the Middle East this book critically deconstructs the strategy of democracy promotion on both a theoretical and empirical level By formulating and applying an analytical framework derived from a Gramscian approach Markakis seeks to propose a re evaluation of what US foreign policy in the Middle East truly constitutes critiquing both the ideological foundations of the strategy as well as the implementation This book will provide a solid foundation for the analysis of US policy and in particular the strategy of democracy promotion at this time of momentous transition across the region

Ölversorgungssicherheitspolitik der USA und der VR China Stephan Liedtke, 2018-12-14 Stephan Liedtke untersucht die weltweite Ölversorgungssicherheitspolitik der USA und der VR China. Er zeigt, welche außenpolitischen Maßnahmen die beiden wichtigsten Staaten der Welt einsetzen, um ihre Ölversorgungssicherheit zu erhöhen und stabile Ölpreise. Die Produktion, den Bezug und den sicheren physischen Transport von ausländischem Öl zu fördern. Geleitet wird die empirische Untersuchung durch ein theoretisches Modell für die Analyse angebotsorientierter Energieaußenpolitik, das einen ersten Beitrag zur theoretischen Verortung von Energieaußenpolitik leistet und künftig in vergleichbaren Forschungsansätzen für systematische und theoriegeleitete Studien genutzt werden kann.

The Armed Forces: Instrument of Peace, Strength, Development and Prosperity Joseph Babatunde Fagoyinbo, 2013 Across the ages technological developments have been accelerated by the military. This results from the fact that able bodied vibrant youths are generally involved and are also exposed to high tech training prevailing at their times for assignments defence and security that are essential but not desired. They form the Armed Forces for the nations. Such brilliant military officers like Caesar and Napoleon made their marks and in contemporary times the Armed Forces of United States, France, Britain, Australia etc are making remarkable contributions to technological developments. Such infrastructure as the Internet, the GPS and the cell phones are products that have significant military contributions. This book scans across the major regions of the world, highlights the efforts of representative countries in the regions and observes that nations that have harnessed the efforts of their Armed Forces have progressively developed. It is also observed that developments in America and Europe though not entirely dependent on their Armed Forces have been greatly affected by their efforts. In Asia such countries as the People's Republic of China, Brazil, India, Pakistan and Singapore utilise the human and material resources within the Armed Forces for national growth and cohesion. Development effort is least in the African Region except South Africa and Egypt notwithstanding the high potentials as exhibited by Nigeria's Armed Forces. Although attempts to industrialise through the Armed Forces may be able to create economic development for developing nations, such factors as historical background, economic resources, political climate, government policies and infrastructure are equally important. Economic development programme of an aspiring country should i promote education and access to knowledge ii aspire to economic self sufficiency in economic power iii allow and promote private sector and foreign participation in defence production research and development iv commit itself to the establishment and support of defence industries v indigenise defence programmes establish a balance between military and economic development and vi mobilise the nation's economy through technology partnership with the private sector and foreign investors.
