Magistrale discusses the themes that turn King's fiction into morality tales 11/22/63 Stephen King, 2011-11-08 ON NOVEMBER 22 1963 THREE SHOTS RANG OUT IN DALLAS PRESIDENT KENNEDY DIED AND THE WORLD CHANGED WHAT IF YOU COULD CHANGE IT BACK In this brilliantly conceived tour de force Stephen King who has absorbed the social political and popular culture of his generation more imaginatively and thoroughly than any other writer takes readers on an incredible journey into the past and the possibility of altering it It begins with Jake Epping a thirty five year old English teacher in Lisbon Falls Maine who makes extra money teaching GED classes He asks his students to write about an event that changed their lives and one essay blows him away a gruesome harrowing story about the night more than fifty years ago when Harry Dunning's father came home and killed his mother his sister and his brother with a sledgehammer Reading the essay is a watershed moment for Jake his life like Harry's like America's in 1963 turning on a dime Not much later his friend Al who owns the local diner divulges a secret his storeroom is a portal to the past a particular day in 1958 And Al enlists Jake to take over the mission that has become his obsession to prevent the Kennedy assassination So begins Jake's new life as George Amberson in a different world of Ike and JFK and Elvis of big American cars and sock hops and cigarette smoke everywhere From the dank little city of Derry Maine where there's Dunning business to conduct to the warmhearted small town of Jodie Texas where Jake falls dangerously in love every turn is leading eventually of course to a troubled loner named Lee Harvey Oswald and to Dallas where the past becomes heart stoppingly suspenseful and where history might not be history anymore Time travel has never been so believable Or so terrifying *The Tommyknockers* Stephen King, 2016-08-30 Master storyteller Stephen King presents the classic terrifying 1 New York Times bestseller about a terrifying otherworldly discovery and the effects it has on a small town Late last night and the night before Tommyknockers Tommyknockers knocking at the door On a beautiful June day while walking deep in the woods on her property in Haven Maine Bobbi Anderson quite literally stumbles over her own destiny and that of the entire town For the dull gray metal protrusion she discovers in the ground is part of a mysterious and massive metal object one that may have been buried there for millennia Bobbi can't help but become obsessed and try to dig it out the consequences of which will affect and transmute every citizen of Haven young and old It means unleashing extraordinary powers beyond those of mere mortals and certain death for any and all outsiders An alien hell has now invaded this small New England town an aggressive and violent malignancy devoid of any mercy or sanity **Full Dark, No Stars** Stephen King, 2010-11-09 The pages practically turn themselves USA TODAY in

this collection of four disturbing fascinating The Washington Post novellas centered around the theme of retribution from the 1 New York Times bestselling author Stephen King 1922 also a Netflix original film A violence awakens inside a man when his wife proposes selling off the family homestead setting in motion a grisly train of murder and madness Big Driver A mystery writer is brutally assaulted by a stranger along a Massachusetts back road and plots a revenge that will bring her face to face with another stranger the one inside herself Fair Extension Making a deal with the devil not only saves a man from terminal illness but also provides rich recompense for a lifetime of resentment A Good Marriage The trust forged by more than twenty years of matrimony is irrevocably shattered when a woman makes a chance discovery leading to the horrifying implications of just who her husband really is Like the 1 bestselling novella collections Different Seasons and Four Past Midnight Stephen King s Full Dark No Stars is gripping storytelling People and an extraordinary collection thrillingly merciless and a career high point The Daily Telegraph London      From a Buick 8 Stephen King,2007-11-01 For twenty years the officers in the Pennsylvania State Police Barracks have kept a secret in Shed B A vintage Buick which lures the troopers to come and take a look Now young Ned Wilcox son of the recently deceased officer Curt has started hanging around the Barracks One day he can t resist peeking through the windows And it s time to share the secret So the veteran troopers sit Ned down on the smoking bench and tell him every skin curdling detail from the Buick s arrival to the terrifying light shows and what it sucks in and breathes out For the Buick is a conduit to another world As King puts it when we confront the deep and authentic unknown we glimpse that place where our familiar universe stops      *Stephen King* Michael Gray Baughan,2009 Introduces one of the most prolific and popular writers in today s culture and presents some of his career highlights      *If It Bleeds* Stephen King,2021-06-08 The No 1 Sunday Times bestseller featuring a stand alone sequel to The Outsider as well as the novella Mr Harrigan s Phone now with a stunning new cover look News people have a saying If it bleeds it leads Following a horrific explosion at a school Holly Gibney of the Finders Keepers detective agency notices something suspicious about the TV reporter who is first on the scene In this riveting title story Holly sets out to discover what he is hiding in her first solo crime case Dancing alongside this stand alone sequel to The Outsider are three more irresistible long stories Mr Harrigan s Phone sees young Craig introduce a curmudgeonly retired businessman to the wonders of the smartphone The Life of Chuck is a three act life story told in reverse order about a man whose face appears on a billboard and Rat sees a struggling author head to a remote cabin in the woods of North Maine where a deal making rodent offers him a life changing pact      *Landscape of Fear* Tony Magistrale,1988 One of the very first books to take Stephen King seriously Landscape of Fear originally published in 1988 reveals the source of King s horror in the sociopolitical anxieties of the post Vietnam post Watergate era In this groundbreaking study Tony Magistrale shows how King s fiction transcends the escapism typical of its genre to tap into our deepest cultural fears that the government we have installed through the democratic process is not only corrupt but actively pursuing our destruction that our technologies have progressed to the point at which

the individual has now become expendable and that our fundamental social institutions school marriage workplace and the church have beneath their veneers of respectability evolved into perverse manifestations of narcissism greed and violence Tracing King s moralist vision to the likes of Twain Hawthorne and Melville Landscape of Fear establishes the place of this popular writer within the grand tradition of American literature Like his literary forbears King gives us characters that have the capacity to make ethical choices in an imperfect often evil world Yet he inscribes that conflict within unmistakably modern settings From the industrial nightmare of Graveyard Shift to the breakdown of the domestic sphere in The Shining from the techno horrors of The Stand to the religious fanaticism and adolescent cruelty depicted in Carrie Magistrale charts the contours of King s fictional landscape in its first decade      *Holly* Stephen King, 2023-09-05 When Penny Dahl calls the Finders Keepers detective agency hoping for help locating her missing daughter Holly is reluctant to accept the case Her partner Pete has Covid Her mother has just died And Holly is meant to be on leave But something in Penny Dahl s desperate voice makes it impossible for Holly to turn her down
