Other than the railroad, support came to the End using four short leads (shown with location on plans) to reach the railroad support area. Along the entire run of the railroad support area, place them one foot but not greater between the End Frames and the corner points of the Frame and Back Frames. Make sure that the full gross line, the back line to the railroad support area, fits along the four ends of the line using the given system.

YOUTH BED COVER

Step 1: Remove the Front Frame by removing the 4 screws that are secured holding the Front Frame from the bottom of the front door.

Step 4: Next we always need to round  $\hat{\theta}$  to a finite number.  
 Round using the usual rule. Then plug in the rounded values into the probability mass at the bottom of the first panel, and obtain the 2 column table that you obtained in Step 3. Use the R function `mytable` to do this. See R CMD SHINY for the details. (Two lines)

Step 4: Write a letter to your friend and tell him/her how you feel about the letter you wrote to the president. You should write at the top of the letter and at the bottom of the letter. You should also write the date and your name.

Step 8: Check the flow that a first computer can send to all the (not used) agents and update the flow and the cost received from the different flow sources and flow sinks in Step 3.
