Inventing the Working Parent Sarah E. Stoller, 2023-08-22 The first historical examination of working parenthood in the late twentieth century and how the concepts of family friendly work culture and work life balance came to be Since the 1980s families across the developed West have lived through a revolution on a scale unprecedented since industrialization With more mothers than ever before in paid work and the rise of the middle class dual income household we have entered a new era in the history of everyday life the era of the working parent In *Inventing the Working Parent* Sarah E Stoller charts the politics that shaped the creation of the phenomenon of working parenthood in Britain as it arose out of a new culture of work Stoller begins with the first sustained efforts by feminists to mobilize politically on behalf of working parents in the late 1970s and concludes in the context of an emerging national political agenda for working families with the rise of New Labour in the 1990s She explores how and why the notion of working parenthood emerged as a powerful new political claim and identity category and addresses how feminists used the concept of working parenthood to advocate for new organizational policies and practices Lastly Stoller shows how neoliberal capitalism under Margaret Thatcher and subsequent New Labour governments made a family's ability to survive on one income nearly impossible with significant consequences for individual experience the gendered division of labor and intimate life [Serials in the British Library](#) ,1999

Working Mothers and the Child Care Dilemma Lisa Pasolli, 2015-05-15 During the twentieth century child care policy in British Columbia matured in the shadow of a political uneasiness with working motherhood *Working Mothers and the Child Care Dilemma* examines how ideas about motherhood paid work and social welfare influenced universal child care discussions and consistently pushed access to child care to the margins of BC's social policy agenda Charting the growth of the child care movement in this province Lisa Pasolli examines the arrival of Vancouver's first crche in 1912 the teetering steps forward during the debates of the interwar years the development of provincial child care policy the rebellious advancements of second wave feminists in the 1960s and 1970s and the maturation of provincial and national child care politics since the mid 70s In addition to revealing much about historical attitudes toward women's roles *Working Mothers and the Child Care Dilemma* celebrates the efforts of mothers and advocates who for decades have lobbied for child care as a central part of women's rights as workers parents and citizens (... ; 2). Women, Citizenship and Canadian Child Care Policy in the 1990s Vappu Tyyskä, University of Toronto. Childcare Resource and Research Unit, 2001 This report analyzes developments in Canadian child care policy in the 1990s at the federal provincial Ontario and municipal Toronto and Peel levels highlighting problems that are associated with a male model of citizenship The report discusses the child care policy process as one in which state bodies are challenged by the diverse and largely women driven child care advocacy movement First the report outlines some of the major developments of the 1990s that have created increasing hardship for women foremost among these is the diminished accessibility to child care due to stagnation of or cutbacks in the funding of child care services Connected to this is the ongoing concern among advocates for not for profit child care about a shift of services to the private and unregulated sector arguably lowering quality Also at issue are the poor and deteriorating working conditions of mostly female child care providers These considerations are intended to highlight the importance of linking social class and gender inequality in an analysis of social policy Second the report discusses the effectiveness of different strategies of child care advocacy raising some of the most persistent questions among feminists concerning political citizenship i e whether it is possible to obtain social rights for women through the state and if so what the conditions are which make it possible The report concludes by asserting that most women s and advocacy organizations are dismissed by governments as special interest groups based on their outsider status in official politics and lacking stable alliances these organizations are drawn toward political solutions that may prove palatable to governments in the short run but may undermine general claims for child care as a universal rather than a targeted service Contains a 114 references EV

Rescuing Canada's Right Tasha Kheiriddin, Adam Daifallah, 2005-11-29 A provocative and timely call to action for civic minded Canadians yearning for a more competitive political system and better government Canadians everywhere are asking what s wrong with the Conservative Party The Liberal Party of Canada has held power for 70 of the past 100 years a feat unrivaled by any other political party in the Western hemisphere This dominance has caused a great deal of frustration on all political fronts especially on the right In the past two years the long awaited merger of the Canadian Alliance and the Progressive Conservatives has not achieved the results many were expecting Despite the explosive revelations of the sponsorship scandal and attempts to improve his party s image Stephen Harper s Conservatives still trail in the polls In Rescuing Canada s Right the authors examine the problems facing the Conservative Party and the broader conservative movement and offer concrete solutions on how to fix them Some of the issues the book will address Why the Conservative Party and its predecessor parties have such a poor electoral record

Why today's Conservative Party is not really conservative Why a new political vision is necessary to inspire Canadians and what it should be How the Liberals use public money to entrench an unhealthy reliance on the state and how the right has failed to challenge it What Canadian conservatives can learn from the American and British experiences How to build a Canadian Conservative counter culture in the media academia and the law How the right can break through to the young and to immigrants in Quebec An action plan to end Canada's democratic deficit and level the political playing field Rescuing Canada's Right will be a hard hitting and groundbreaking work that will introduce new ideas and a passionate call for change for 21st century Canada Newsletters Directory ,1987 *Franchise Times* ,2000 **Social Movements/social Change**
