

NADHARIA ZA MAANA

NADHARIA KATIKA SEMANTIKA

Kutokana na ugumu wa kufasili maana ya maana katika taaluma ya semantiki ambayo ni tawi la isimu ambalo hujihusisha na uchunguzi wa lugha katika maana hususani maana ya msingi, taaluma hii hushughulikia maana za maneno na sentensi katika lugha mahususi na maana hizo hushughulikiwa kisayansi.

Maana katika semantiki ilianzakushughulikiwa tangu enzi za Plato, Aristotle, wataalamu mbalimbali walishughulikia falsafa, mantiki, saikolojia, isimu na Athropolojia. Kila taaluma ilitofautiana, kulikuwa na tofauti ya isimu na taaluma nyingine. Tofauti ya isimu na taaluma nyingine ni kwamba isimu iliangalia maana kisayansi na usayansi huo ulikuwa wa kiupangilifu, kiukinifu kwa kutumia kanuni mbalimbali, ingawa walitumia kanuni bado kulikuwa na matatizo mbalimbali.

Swali

Kwa nini bado kulikuwa na matatizo ya kufasili maana ya maana?

Jibu: maana ilichukuliwa kama kitu ambacho akijatengamaa na kilikuwa tepetepe ama telezi kwani huwezi kukishika, kinateleza. Mfano maji huchukuliwa katika kikombe na maana hasa hutegemea sana uwezo na ufafanuzi wa msemaji kwa mantiki hiyo maana hufananishwa na kinyonga, maana hutegemea muktadha wa mzungumzaji. Wanahisimu wanaona kuwa maana ni kitu muhimu katika mawasiliano na maana inapokuwa tege mawasiliano huwa si kamili na hakika mawasiliano bila maana si kitu. Kwa maana hiyo maana ni muhimu sana katika mawasiliano kwani kuna kuwa na kitu ambacho mzungumzaji amekusudia kukisema.

Stewart, 2018-05-04 In the past three decades feminist scholars have produced an extraordinary rich body of theoretical writing in humanities and social science disciplines This revised and updated second edition of Theorizing Feminism Parallel Trends in the Humanities and Social Sciences is a genuinely interdisciplinary anthology of significant contributions to feminist theory This timely reader is creatively edited and contains insightful introductory material It illuminates the historical development of feminist theory as well as the current state of the field Emphasizing common themes and interests in the humanities and social sciences the editors have chosen topics that remain relevant to current debates reflect the interests of a diverse community of thinkers and have been central to feminist theory in many disciplines The contributors include leading figures from the fields of psychology literary criticism sociology philosophy anthropology art history law and economics This is the ideal text for any advanced course on interdisciplinary feminist theory one that fills a long standing gap in feminist pedagogy Anti-Electra Elisabeth von Samsonow, 2019-06-11 A close examination of the relationship between media art and the Electra complex The feminist counterpart to Deleuze and Guattari's Anti Oedipus Anti Electra is a philosophy of the girl as a model of contemporary transgressive subjectivity Elisabeth von Samsonow asserts that focusing on the girl's escape from the Oedipus complex leads to a fundamental shift in our most common views on media

and art Presenting an interpretation of contemporary technics Anti Electra argues that technology today encompasses Electra's gadgets and toys According to von Samsonow satellite drive technologies such as wireless telephones WLAN and GPS echo the preoedipal constellation that the girl specializes in And with the help of the girl the cartography of overlapping zones between humankind and animals as well as between humankind and apparatuses is redesigned through what the book holds as a radical totemism Anti Electra ultimately offers a new view on gender the contemporary world dyed by symbolic girlism and the universal girl in critical dialogue with media ecology and society Badass Feminist Politics Sarah Jane Blithe, Janell C. Bauer, 2022-02-11 In the late 2010s the United States experienced a period of widespread silencing Protests of unsafe drinking water have been met with tear gas national park employees environmentalists and scientists have been ordered to stop communicating publicly Advocates for gun control are silenced even as mass shootings continue Expressed dissent to political power is labeled as fake news DREAMers Muslims Trans military members women black bodies the LGBTQI community Latina o x communities rape survivors sex workers and immigrants have all been systematically silenced During this difficult time and despite such restrictions advocates and allies persist and resist forming dialogues that call to repel inequality in its many forms Addressing the oppression of women of color white women women with disabilities and LGBTQI individuals across cultures and contexts remains a central posit of feminist struggle and requires a distinctly feminist politics of recognition However as second wave debates about feminism have revealed there is no single way to express a feminist politic Rather living feminist politics requires individual interpretation and struggle collective discussion and disagreement and recognizing difference among women as well as points of convergence in feminist struggle Badass Feminist Politics includes a diverse range of engaging feminist political projects to not only analyze the work being done on the ground but provide an overview for action that can be taken on by those seeking to engage in feminist activism in their own communities Contributors included here are working for equality and equity and resisting violent racist homophobic transphobic xenophobic and sexist language and action during this tension filled political moment Collectively the book explores what it means to live and communicate feminist politics in everyday choices and actions and how we can facilitate learning by analyzing these examples Taking up current issues and new theoretical perspectives the authors offer novel perspectives into what it means to live feminist politics This book is a testament to resilience resistance communication and forward thinking about what these themes all mean for new feminist agendas Learning how to resist oppressive structures through words and actions is particularly important for students Badass Feminist Politics features scholars from non dominant groups taking up issues of marginalization and oppression which can help people accomplish their social justice goals of inclusivity on the ground and in the classroom Making Sense of Women's Lives Michelle Plott, Lauri Umansky, 2000 Making Sense of Women's Lives presents a wide range of writings about women's lives in the United States Michele Plott and Lauri Umansky have drawn on their experiences as both students and professors to assemble the collection

Seeking to provide as full a sampling from a diverse and intellectually vibrant field as one volume permits the editors have also chosen writing that makes an enjoyable read A few of the selections here represent the undisputed classics of the field More of them constitute simply the works drawn from academic and nonacademic sources alike that could make a difference in understanding what it means to be female in America Making Sense of Women s Lives is intended as the primary text in Women s Studies courses With that usage in mind Plott and Umansky have provided brief introductions to each article to help students understand the author s perspectives Thought and discussion questions follow each selection The book contains as well numerous Flash Exercises suggestions for class exercises and activities The editors have used these activities in their courses over the past decade in conjunction with readings in this volume and have found that the full complement of materials coalesces into an intellectually powerful introduction to Women s Studies A Collegiate Press book

A Feminist Legacy Suzanne Bordelon, 2009-03-10 The first book length investigation of a pioneering English professor and theorist at Vassar College A Feminist Legacy The Rhetoric and Pedagogy of Gertrude Buck explores Buck s contribution to the fields of education and rhetoric during the Progressive Era By contextualizing Buck s academic and theoretical work within the rise of women s educational institutions like Vassar College the social and political movement toward suffrage and Buck s own egalitarian political and social ideals Suzanne Bordelon offers a scholarly and well informed treatment of Buck s achievements that elucidates the historical and contemporary impact of her work and life Bordelon argues that while Buck did not call herself a feminist she embodied feminist ideals by demanding the full participation of her female students and by challenging power imbalances at every academic social and political level A Feminist Legacy reveals that Vassar College is an undervalued but significant site in the history of women s argumentation and pedagogy Drawing on a rich variety of archival sources including previously unexamined primary material A Feminist Legacy traces the beginnings of feminist theories of argumentation and pedagogy and their lasting legacy within the fields of education and rhetoric After the "Speculative Turn": Realism, Philosophy, and Feminism Katerina Kolozova, Eileen A. Joy, 2016 Recent forms of realism in continental philosophy that are habitually subsumed under the category of speculative realism a denomination referring to rather heterogeneous strands of philosophy bringing together object oriented ontology OOO non standard philosophy or non philosophy the speculative realist ideas of Quentin Meillassoux and Marxism have provided grounds for the much needed critique of culturalism in gender theory and the authority with which post structuralism has dominated feminist theory for decades This publication aims to bring forth some of the feminist debates prompted by the so called speculative turn while demonstrating that there has never been a niche of speculative realist feminism Whereas most of the contributions featured in this collection provide a theoretical approach invoking the necessity of foregrounding new forms of realism for a feminism beyond gender as culture some of the essays tackle OOO only to invite a feminist critical challenge to its paradigm while others refer to some extent to non philosophy or the new materialisms but are not reducible to either of the two We have

invited essays from intellectual milieus outside the Anglo Saxon academic center bringing together authors from Serbia Slovenia France Ireland the UK and Canada aiming to promote feminist internationalism rather than a generous act of cultural inclusion

Catching a Wave Rory Dicker, Alison Piepmeier, 2016-02-01 Young women today have benefited from the strides made by grassroots social activists in the 1960s and 1970s yet they are hesitant to identify themselves as feminists and seem apathetic about carrying the torch of older generations to redress persistent sexism and gender based barriers Contesting the notion that we are in a post feminist age this provocative collection of original essays identifies a third wave of feminism The contributors argue that the next generation needs to develop a politicized collective feminism that both builds on the strategies of second wave feminists and is grounded in the material realities and culture of the twenty first century Organized in five sections that mirror the stages of consciousness raising this is an engaging often edgy look at a broad range of perspectives on the diversity complexity multiplicity and playfulness of the third wave It is also a call to action for new voices to redefine a feminism that is not only personally aware but also politically involved

A Re-Visioning of Love Ana Mozol, 2019-06-10 In A Re Visioning of Love Dark Feminine Rising Ana Mozol parts the illusory veils of persona as she explores the reality of feminine experiences relating to love trauma and sexuality in contemporary Western society Mozol takes us on a personal journey through the

three levels of experience delving into the underworld and the trauma of rape the middle world and the illusions of romantic love and the upper world and the masculine spiritual ideals that fracture the feminine soul In this multidisciplinary examination of the feminine Mozol seeks to understand violence against women intrapsychically interpersonally and within the field of depth psychology The book begins with Mozol's own experiences with violence and her exploration of the demon lover complex and the stages of breaking this complex after trauma Combining personal testimony theoretical reflections historical analysis and 20 years of clinical experience Mozol uses a heuristic approach to explore personal stories clinical material dreams and depth analysis as they connect to the female individuation process We follow Mozol's journey through the middle world and the illusions of romantic love into the upper world and the complexity of Oscar Wilde's feminine character Salome who represents the rising dark feminine energy that must be reckoned with for the possibility of love to exist Accessible yet powerful Mozol uses her personal story to place the oppression of women within the Jungian context of individuation *A Re-Visioning of Love: Dark Feminine Rising* will be key reading for academics and students of Jungian and post Jungian studies psychotherapy trauma studies gender studies women's studies and criminology It will also be an indispensable resource for Jungian psychotherapists and analytical psychologists in practice and in training *A Re-Visioning of Love* however is more than a psychological exploration it is a memoir of the personal and archetypal feminine and as such will appeal to anyone interested in the story of many women today *Gender in the Mirror* Diana T. Meyers, 2002 Harmful culturally prevalent feminine imagery constrains women's self-determination Meyers proposes alternative imagery and advances an account of feminist discursive politics that takes on the challenge of neutralizing patriarchal imagery
