Nail It Then Scale It:

Nail it Then Scale it Nathan R. Furr, Paul B. Ahlstrom, 2011 Why do most new businesses fail yet a few entrepreneurs have a habit of winning over and over again The shocking discovery of years of research and trial is that most startups fail by doing the right things but doing them out of order In other words human nature combined with our entrepreneurial drive puts us on autopilot to become part of the 70% to 90% of ventures that fail From Thomas Edison to Steve Jobs the Nail It Then Scale It method is based on pattern recognition of the timeless principles and key practices used by successful entrepreneurs to repeatedly innovate *Summary of Nail It then Scale It - [Review Keypoints and Take-aways]* PenZen Summaries, 2022-11-29 The summary of Nail It then Scale It The Entrepreneur's Guide to Creating and Managing Breakthrough Innovation presented here include a short review of the book at the start followed by quick overview of main points and a list of important take aways at the end of the summary The Summary of The book Nail It then Scale It is a guide that will assist you in perfecting your business plan and growing your business These ideas provide an overview of the process of developing innovative products that solve problems identifying and communicating with the appropriate markets and refining your strategy prior to scaling your business Nail It then Scale It summary includes the key points and important takeaways from the book Nail It then Scale It by Nathan Furr and Paul Ahlstrom Disclaimer 1 This summary is meant to preview and not to substitute the original book 2 We recommend for in depth study purchase the excellent original book 3 In this summary key points are rewritten and recreated and no part text is directly taken or copied from original book 4 If original author/publisher wants us to remove this summary please contact us at support@mocktime.com [Which Factors Determine the Success or Failure of Startup Companies?](#) Christoph Kotsch, 2017-10-05 Master's Thesis from the year 2017 in the subject Business economics Company formation Business Plans grade 2.0 András Gyula Deutschsprachige Universität Budapest language English abstract As more and more startup companies are founded every year worldwide building up one's own business does not get easier Since 9 out of 10 startups fail future entrepreneurs are well advised to take a look at potential reasons for failure and success Learning from others' mistakes and studying success stories can improve their own performance and help to avoid critical errors The academic paper at hand will provide valuable insights for entrepreneurs After delivering an overview of the most commonly used terms and definitions in the startup scene chapter 6 will describe the components of a business idea and how experts can assess a company's value Subsequently the most important factors for a startup company's success according to literature review will be listed and illustrated Various standpoints of academic research and studies will be discussed Delineating both internal and external factors this thesis not only delivers a synoptic view of potential challenges inside a startup as well as in its ecosystem but also juxtaposes these influences in opposition The second part of this paper analyzes a series of interviews with twelve startup founders from three different regions the province of North Rhine-Westphalia in Germany Budapest in Hungary and the state of California in the US Their views and

experiences will be summarized and put into the context of their respective startup ecosystem This way the study is able to provide an understanding of the distinctive attributes of these ecosystems Furthermore the interviewees challenges and advices will be compared to previously reviewed literature Therefore the reader is able to gain insights from an academic perspective as well as from real life examples The Zigzag Principle: The Goal Setting Strategy that Will Revolutionize Your Business and Your Life Rich Christiansen,2011-10-04 Explores why zigzagging rather than following a straight line is an effective strategy to use to achieve success in business management entrepreneurship goal setting and life in general
