Annex (ii) Namibia. Presidential Commission on Education, Culture and Training, 2001 **Education in Perspective**
Earle Taylor, 2000 This book focuses on Namibia's education since independence. The book is developed around 40 articles reflecting the rich cross section and multi cultural diversity of interests, opinions, values, expectations and perspectives and is held together by a common thread of a shared national vision for Namibia that knits freedom, peace, unity, equity and progress into every economic activity for the sustained well being of all Namibians Annual Report for the Year Ending ... Ministry of Education and Culture, 1994 *Handbook of Research on Entrepreneurship Development and Opportunities in Circular Economy* Baporikar, Neeta, 2020-06-26 With the need for sustainability a focus on developing an economic system that aims at minimizing waste commonly referred to as the circular economy is emerging. Circular economy and studies related to it have gained worldwide attention as it seems to be an effective alternative economic system. Naturally the circular economy will impact enterprises and will shift how entrepreneurship development and entrepreneurial opportunities are perceived, developed and resourced. The Handbook of Research on Entrepreneurship Development and Opportunities in Circular Economy is a collection of pioneering research that advances the understanding of entrepreneurship development, identifies the opportunities and manages the entrepreneurship development policies and programs in order to further a circular economy. In addition to entrepreneurship development and entrepreneurial opportunities the book will cover and discuss a number of other factors necessary for a successful transformation such as entrepreneurship and innovation, entrepreneurship and change and entrepreneurship education. While highlighting topics including consumer consumption, knowledge management and linear economics, this book is ideally designed for entrepreneurs, small business owners, managers, consultants, organization development specialists, policymakers, researchers, industry experts, academicians and students CIM Bulletin Canadian Institute of Mining and Metallurgy, 2000
