Microsoft Word Certification is an easily verifiable way to showcase your willingness to learn new skills and software and it provides a myriad of other benefits as well. Not only can certification enhance your Word skills, it can help you get hired, boost academic performance, prepare for the demands of a job, open doors to career opportunities, and be more productive and confident working on projects at school, home, or work. Microsoft Word, Microsoft 365 Apps, and Office 2019 certification is the first step to prove your skill level and open doors to career opportunities.

Outline of the book: The dual nature of this book helps you build a strong foundation in Word and prepares you for the exam. The first chapter gets you started right away opening Word and learning about the user interface and important terminology. For those interested in taking the exam, it includes how to register for the exam and find an exam center, tips on using your time wisely during the exam, and information on scores and retaking the exam. The next six chapters cover all of the topics you need to become proficient in Word and coincide with the objective domain categories in the Microsoft Word Certification Exam: Manage Documents, Insert and Format Text, Paragraphs and Sections, Manage Tables and Lists, Create and Manage References, Insert and Format Graphic Elements, and Manage Document Collaboration. Short video tutorials are included for every single outcome in the book, 95 in all, for when you need extra help or learn best by observation. Word practice exam software is included. Unlike any other Word exam manual available, this book includes Word practice exam software. The final chapter focuses on the practice exam software, which closely mimics the format of the real exam. Custom built and specially designed by SDC Publications, this practice exam software can be taken multiple times so you are comfortable with the real test software, how to mark and return to questions, question format, live in application steps, and how the results are presented. Study materials for all learning styles. Custom made Practice Exam Software. 95 short narrated video tutorials for every outcome in the book. End of chapter self exam and review questions. 75 Flashcards. Exam Day Study Guide. About the author: Daniel John Stine, AIA, CSI, CDT, is a registered architect with over twenty years of experience in the field of architecture. Throughout these years of professional practice, Stine has leveraged many of the Microsoft Office products to organize and manage complex projects. In addition to Microsoft Office certification study guides, Stine has written multiple books on architectural design software, all written using Microsoft Word and published by SDC Publications.

Microsoft PowerPoint Introduction and Certification Study Guide

Daniel John Stine, 2022-04. Serving as both a training guide for Microsoft PowerPoint and a study guide for the PowerPoint certification exam, *Microsoft PowerPoint Introduction and Certification Study Guide* is an indispensable resource for PowerPoint users at every level of expertise. Starting with the essentials and building to more complicated steps, each chapter breaks one of five essential PowerPoint skill sets into manageable pieces. These are the exact skills measured by the exam, but the logical skill progression benefits all PowerPoint users and prepares you to create effective and compelling presentations. Concise steps and descriptions make the information easy to follow and remember. Clearly labeled screenshots and images clarify important PowerPoint features without being overwhelming. Those taking the
