Bott,Woody Leonhard,2005 Although Microsoft goes to some pains to hide it Office 2003 has a split personality The gnomes
of Redmond toil feverishly to deliver features aimed at helping connect information workers to expensive and complex
corporate servers They re just following the money Most of the revenue in the Office division comes from corporate
customers Microsoft sells Office desktop licenses by the tens of thousands to corporations which then take their own sweet
time to deploy the software As of last July nearly a year after the release of Office 2003 Information Week cited Microsoft
estimates that about a third of its Office installed base was running Office XP and an even higher percentage were running
Office 2000 and even Office 97 Although the majority of its corporate customers have purchased licenses for Office upgrades
that entitle them to use Office 2003 they re still using older versions and many have no firm plans to switch to the most
recent version Meanwhile the least heralded edition of Office 2003 has crept to the top of the sales charts and stayed there
In its most recent report covering the end of February NPDTechworld reported that Office 2003 Student and Teacher Edition
is the 1 best selling software program in the Business category The Office 2003 Professional upgrade was 4 On the All
Categories list Office 2003 Student and Teacher Edition is the only productivity program to make the top 10 **Consumer**
