HC 401 - The Role of Regional Schools Commissioners Great Britain. Parliament. House of Commons. Education Committee, 2016 Regional Schools Commissioners RSCs were introduced as a pragmatic response to the need to ensure appropriate oversight of a growing number of academies There is a clear need for an intermediate structure between Whitehall and individual schools and RSCs are beginning to provide this However the schools landscape and the role of the RSCs is continuing to evolve and the RSCs now form part of an increasingly complicated system of oversight accountability and inspection A more fundamental reassessment of accountability and oversight for all schools will be required in the future to provide coherence In the meantime the relationships that RSCs build with other components of this system including local authorities Ofsted teaching schools and parents and local communities are crucial to securing impact on school improvement An emphasis on working with and through these key partners will help ensure that RSCs have the capacity to cope with planned expansion of their role However the role of RSCs remains unclear to many and this must be addressed for effective relationships to be formed

Cultures of Sustainable Peace Hyab Teklehaimanot Yohannes, Alison Phipps, Tawona Sitholé, 2024-12-10 This book shifts the focus of peacebuilding away from nation states and international organisations to make a powerful argument that sustainable peacebuilding is the work of ordinary people It brings together work done in Gaza Ghana Mexico Morocco and Zimbabwe alongside work with refugees in Scotland to argue for a place for successful intercultural relations as a central aim of peacebuilding moving beyond the more usual focus on economic development With a particular emphasis on addressing gender based violence and the role of women in peacebuilding together with a central role for arts and culture as a means of resistance and social change the chapters represent the fruit of collaborative work across geographical and cultural borders between artists activists and academics bringing a wide range of disciplinary perspectives to bear on situations of violence and precarity In a world where peace work can feel increasingly futile this book makes a powerful case for the crucial role of local action and cultural work and play in the creation of a better future The book will be open access under a CC BY ND licence

Assessment of Nontimber Forest Products in the United States Under Changing Conditions James L. Chamberlain, 2018-08-24. This Non-timber Forest Products assessment serves as a baseline science synthesis and provides information for managing non-timber forest resources in the United States. This report provides technical input to the 2017 National Climate Assessment and closely follows the Intergovernmental Panel on Climate Change (IPCC) process. You will find an overview of the findings and interrelated discussions covering aspects of biophysical, social, cultural, economic, and policy dimensions of non-timber forest products and the implications of the effects of climatic variabilities and change for them. Appendix information summarizes non-timber forest products relative to geographic regions across the country. Ecological Restoration and Management of Longleaf Pine Forests L. Katherine Kirkman, Steven B. Jack, 2017-09-27. *Ecological Restoration and Management of Longleaf Pine Forests* is a timely synthesis of the current understanding of the natural dynamics and processes in longleaf pine ecosystems. This book beautifully illustrates how incorporation of basic ecosystem knowledge and an understanding of socioeconomic realities shed new light on established paradigms and their application for restoration and management. Unique for its holistic ecological focus rather than a more traditional silvicultural approach, the book highlights the importance of multi-faceted actions that robustly integrate forest and wildlife conservation at landscape scales and merge ecological with socioeconomic objectives for effective conservation of the longleaf pine ecosystem.
