The Seven Stone Path Peter Bolland, 2023-08-23 What is wisdom and why do we need it For thousands of years we've tried to answer those two questions Yet even the most dedicated students often find the path to wisdom daunting The Seven Stone Path An Everyday Journey to Wisdom explores seven archetypal ideas found throughout the world's wisdom traditions turning them into tools anyone can use to deepen and enrich their lives The seven ideas are acceptance surrender engagement allowance enjoyment love and integration The goal of this book is to broaden our understanding of these crucial ideas and root them deeply into our everyday lives Moving toward wisdom is not an esoteric practice reserved only for specialists and insiders Cultivating wisdom like breathing is an innate natural process available to everyone Discover how following the seven stone path will allow you to emerge from a cave of conditioned consciousness a little wiser a little freer and a lot happier

Gene Roddenberry's Star Trek Douglas Brode, Shea T. Brode, 2015-05-14 When it premiered on NBC in September 1966 Star Trek was described by its creator Gene Roddenberry as Wagon Train to the stars Featuring a racially diverse cast trips to exotic planets and encounters with an array of alien beings who could be either friendly or hostile the program opened up new vistas for television Along with The Twilight Zone and The Outer Limits Star Trek represented one of the small screen's rare ventures into science fiction during the 1960s Although the original series was a modest success during its three year run its afterlife has been nothing less than a cultural phenomenon To celebrate

the show's debut fifty years later it's time to reexamine one of the most influential programs in history In Gene Roddenberry's *Star Trek: The Original Cast Adventures* Douglas and Shea T Brode present a collection of essays about the series and its various incarnations over the years Contributors discuss not only the 1960s show but also its off shoots ranging from novels and graphic novels to toys and video games as well as the films featuring Captain Kirk Mr Spock and the rest of the Enterprise crew Essays address the show's religious implications romantic elements and its role in the globalization of American culture Other essays draw parallels between the series and the Vietnam War compare *Star Trek II* to Milton's *Paradise Lost* posit Roddenberry as an auteur and consider William Shatner as a romantic object With its far reaching and provocative essays this collection offers new insights into one of the most significant shows ever produced Besides television and film studies Gene Roddenberry's *Star Trek* a companion volume to *The Star Trek Universe* will be of interest to scholars of religion history gender studies queer studies and popular culture not to mention the show's legions of fans

Taking Sides Stephen Satris, 2002 Contains nineteen pairs of essays that present opposing viewpoints on issues of morality and moral philosophy discussing feminism abortion human cloning affirmative action the legalization of drugs animal rights and other topics

The Moral Psychology of Forgiveness Kathryn J. Norlock, 2017-05-24 The feeling that one can't get over a moral wrong is challenging even in the best of circumstances This volume considers challenges to forgiveness in the most difficult circumstances It explores forgiveness in criminal justice contexts under oppression after genocide when the victim is dead or when bystanders disagree when many different negative reactions abound and when anger and resentment seem preferable and important The book gathers together a diverse assembly of authors with publication and expertise in forgiveness while centering the work of new voices in the field and pursuing new lines of inquiry grounded in empirical literature Some scholars consider how forgiveness influences and is influenced by our other mental states and emotions while other authors explore the moral value of the emotions attendant upon forgiveness in particularly challenging contexts Some authors critically assess and advance applications of the standard view of forgiveness predominant in Anglophone philosophy of forgiveness as the overcoming of resentment while others offer rejections of basic aspects of the standard view such as what sorts of feelings are compatible with forgiving The book offers new directions for inquiry into forgiveness and shows that the moral psychology of forgiveness continues to enjoy challenges to its theoretical structure and its practical possibilities

DeSpelder, Albert Lee Strickland, 2005 From the Publisher Widely recognized as the best selling textbook in the field The Last Dance Encountering Death and Dying 7th Edition is an interdisciplinary introduction to death dying and bereavement No prerequisite courses are necessary for students to appreciate the text's comprehensive treatment sensitive writing and unbiased presentation Cumulative Book Index, 1998 A world list of books in the English language El-Hi Textbooks & Serials in Print, 2005, 2005 A-L Alan Soble, 2006 **Rock This Way** Mel Stanfill, 2023-08-15 Any and all songs are capable of being remixed But not all remixes are treated equally Rock This Way examines transformative musical works cover songs remixes mash ups parodies and soundalike songs to discover what contemporary American culture sees as legitimate when it comes to making music that builds upon other songs Through examples of how popular discussion talked about such songs between 2009 and 2018 Mel Stanfill uses a combination of discourse analysis and digital humanities methods to interrogate our broader understanding of transformative works and where they converge at the legal economic and cultural ownership levels Rock This Way provides a new way of thinking about what it means to re create and borrow music how the racial identity of both the reusing artist and the reused artist matters and the ways in which the law polices artists and their works Ultimately Stanfill demonstrates that the extent to which a work is seen as having new expression or meaning is contingent upon notions of creativity legitimacy and law all of which are shaped by white supremacy **El-Hi Textbooks and Serials in Print**, 2006 **El-Hi Textbooks & Serials in Print, 2003**, 2003 **The Catholic Periodical and Literature Index**, 1999 *Index to Book Reviews in Religion*, 1995 **TV Guide**, 1990 **ARIST 27** Martha E.
