School Mathematics Project, 2001 *Transit Journal*, 1902 **Reflections on Statistics** Susanne P. Lajoie, 2012-10-12 An issue in the current push for reform in mathematics education is the call to address statistics at the precollege level This volume represents the emerging findings of an interdisciplinary collaboration among a group of mathematics educators cognitive scientists teachers and statisticians to construct an understanding of how to introduce statistics education and assessment for students in elementary and secondary schools A premise shared by the contributors to this volume is that when students are introduced to statistics at the K 12 level and provided with opportunities to do statistics that are related to actual life situations they will be better prepared for decision making in the real world The interdisciplinary nature of the group of researchers stimulated a lively interchange of ideas for enhancing the learning teaching and assessment of statistical understanding which is reflected in this volume Mathematics educators contribute their insights into how teachers teach mathematical ideas and heighten our awareness of the ecological needs of the current mathematics classroom Cognitive scientists share their understanding of developmental differences in learning and present theoretical perspectives that contribute to the design of effective learning environments Classroom teachers share their ideas about classroom activities and assessment of student learning as well as their concerns for in service training and workshops to help teachers acquire skills in this new content area Statisticians offer their understanding of what is feasible to teach in the early grades and what their view is of statistical literacy The book is organized around four interdependent themes content teaching learning and assessment By focusing their respective chapters on particular themes the authors intend to cultivate a better understanding of how each relates to improvements in statistics education This is the first book to address statistics learning in grades K 12 address issues of statistical curriculum content in grades K 12 address issues of assessment of statistics learning in grades K 12 bring issues of technology instruction and assessment in statistics education in grades K 12 and look at teacher education for statistics instruction in grades K 12 This is a must read book for both practitioners and researchers involved in K 12 mathematics education The Street Railway Journal, 1902

Mathematics for Elementary Teachers Albert B. Bennett, Leonard T. Nelson, 2004 Emphasizing conceptual understanding through the use of models and visuals this text helps students connect ideas and concepts while providing them with useful methods for teaching math to elementary school children *Mathematics for Elementary Teachers A Conceptual Approach* addresses the NCTM standards by encouraging active student participation through features such as Math Activities and Math Investigations The Math Investigations now appear on the companion website **Kenley's Line Plot Graph** Kathleen

L. Stone, 2015-03-03 There's someone I'd like you to meet down at the Elma Zoo. She's a great mathematician named Kenley the Kangaroo. Along with Kenley, children will create a line plot graph of all the friendly feet they see at the zoo. Through the interactive text and engaging illustrations, children will be given opportunities to organize and interpret data on Kenley's and their line plots. Activities and topics are included at the end of the book to provide additional enrichment opportunities. You will definitely want to add this book to your library. It is an excellent way to integrate literacy into your math curriculum as you introduce, review, and/or reteach this important math skill.
