

National Character

A Psycho-Social Perspective

Alex Inkeles

National Character A Psycho Social Perspective

Richard Bailey

National Character A Psycho Social Perspective:

National Character Alex Inkeles, 2017 Seen in modern perspective the concept of national character poses fundamental problems for social science theory and research To what extent do conditions of life in a particular society give rise to certain patterns in the personalities of its members What are the consequences Alex Inkeles surveys various definitions of national character tracing developments through the twentieth century His approach is to examine the regularity of specific personality patterns among individuals in a society He argues that modal personality may be extremely important in determining which new cultural elements are accepted and which institutional forms persist in a society Reviewing previous studies Inkeles canvasses the attitudes and psychological states of different nations in an effort to discover a set of values in the United States He concludes that despite recent advances in the field there is much to be done before we can have a clear picture of the degree of differentiation in the personality structure of modern nations Until now there were few formal definitions and discussions on national character and the limits of this field of study This book will be of great interest to psychologists sociologists philosophers and political theorists Provided by publisher **Encyclopaedia of Nationalism** Athena S. Leoussi, With over one hundred entries the Encyclopaedia of Nationalism offers a complete and concise set of tools for the study of nationalism in a single volume The focus throughout is theoretical and for this reason particular nationalist movements and individual leaders are treated only as illustrative historical contemporary cases in numerous entries The Encyclopaedia is organized in an alphabetical sequence of entries each of which includes a short bibliography for further reading The reader will find in depth discussions of the work of modern theoreticians of nationalism **BOOK JACKET**

Character Marjorie Garber, 2020-07-14 In her wide ranging cultural history of the term character Garber has unearthed fascinating material and is a convivial stimulating critic Michael Saler The Times Literary Supplement Since at least Aristotle's time philosophers theologians artists and scientists have pondered the enigma of human character Whether defined as a moral idea a literary persona or a scientifically observable type character has become omnipresent in discussions of politics ethics gender morality and the psyche In this magisterial book Marjorie Garber examines the evolution and influence of this pervasive concept Is there a connection between character in the moral sense and the character of a novel or a play Can character be formed or taught in schools in scouting in the home From Plutarch to John Stuart Mill from Shakespeare to Darwin from Theophrastus to Freud from nineteenth century phrenology to twenty first century brain scans the search for the sources and components of human character still preoccupies us With her distinctive verve humor and erudition Marjorie Garber explores the stakes of these confluences confusions and heritages from ancient Greece to the present day

Culture, Leadership, and Organizations Robert J. House, Paul J. Hanges, Mansour Javidan, Peter W. Dorfman, Vipin Gupta, 2004-04-29 Culture Leadership and Organizations reports the results of a ten year research program the Global Leadership and Organizational Behavior Effectiveness GLOBE research program GLOBE is a long term program designed to

conceptualize operationalize test and validate a cross level integrated theory of the relationship between culture and societal organizational and leadership effectiveness A team of 160 scholars worked together since 1994 to study societal culture organizational culture and attributes of effective leadership in 62 cultures Culture Leadership and Organizations The GLOBE Study of 62 Societies reports the findings of the first two phases of GLOBE The book is primarily based on the results of the survey of over 17 000 middle managers in three industries banking food processing and telecommunications as well as archival measures of country economic prosperity and the physical and psychological well being of the cultures studied GLOBE has several distinguishing features First it is truly a cross cultural research program The constructs were defined conceptualized and operationalized by the multicultural team of researchers Second the industries were selected through a polling of the country investigators and the instruments were designed with the full participation of the researchers representing the different cultures Finally the data in each country were collected by investigators who were either natives of the cultures studied or had extensive knowledge and experience in that culture A unique feature of this book is that while it is an edited book and many experts have written the different chapters unlike other edited books it is a fully integrated seamless and cohesive book covering the many aspects of the theory underpinning the GLOBE

Sovereignty Under Challenge John Dickey Montgomery, Nathan Glazer, Sovereignty the authority of a state to wield ultimate power over its territory its citizens its institutions is everywhere undergoing change as states respond in various ways to the challenges posed from above and below Above the state is the widening net of international institutions and treaties dealing with human rights trade investment and monetary affairs and below it are rising claims within states from long resident groups discontented with the political order and from new migrants testing its authority Sovereignty under Challenge deals with a range of such challenges and responses analyzed in authoritative studies by leading scholars The introductory chapter sets forth the theme that sovereignty is asserted clearly but often unpredictably when governments respond to challenge It suggests ways of classifying these responses as variables that help explain the changing nature of sovereignty Part 1 The Citizen and the State treats the rising tide of dual citizenship and the concerns this arouses in the United States the work of national human rights commissions in Asia and the challenge posed to the state by the Falungong movement in China The two chapters in Part 2 The Government as Decision Maker examine Japan s response to global warming and the problems of the World Health Organization in orchestrating collaboration among Southeast Asian states in implementing infectious disease control Part 3 Sovereignty and Culture looks at conflicts engendered by outside change on indigenous economic cultural and legal institutions in India Fiji Indonesia and Malaysia The chapters in Part 4 Sovereignty and the Economy analyze the economic and cultural instability induced by Chinese migration to Russia s far east the impact on state sovereignty brought about by transnational regulatory campaigns and social activism the question of indigenous land rights in the Philippines and the impact of transnational corporations on information technology in Asia A concluding chapter offers

a global assessment of the current status of state sovereignty John D Montgomery director of the Pacific Basin Research Center of Soka University of America is also Ford Foundation Professor of International Studies Emeritus at Harvard University He is the author of *Forced to Be Free The Artificial Revolution in Germany and Japan The Politics of Foreign Aid American Experience in Southeast Asia and Aftermath Tarnished Outcomes of American Foreign Policy* Nathan Glazer is Professor of Education and Sociology Emeritus at Harvard University He is co editor of the journal *The Public Interest* and the author most recently of *The Limits of Social Policy and We Are All Multiculturalists Now*

Culture's Consequences Geert Hofstede, 2001 The publication of this second edition of *Culture's Consequences* marks an important moment in the field of cross cultural studies Hofstede's framework for understanding national differences has been one of the most influential and widely used frameworks in cross cultural business studies in the past ten years *Australian Journal of Management*

National Museums and the Origins of Nations Sheila Watson, 2020-10-28 *National Museums and the Origins of Nations* provides the first international survey of origins stories in national museums and examines the ways in which such museums use the distant past as a vehicle to reflect the concerns of the political present Offering an international comparison of institutions in China North and South America the Middle East Europe and Australia the book argues that national museums tell us more about what sort of community a nation wishes to be today than how and why that nation came into being Watson also reveals the ways in which narrative and exhibition design attempt to engage the visitor in an emotional experience designed to promote loyalty to and pride in the nation or to remind visitors who are not citizens that they do not belong These narratives of origin are it is claimed based on so called factual accuracies but this book reveals that they are often selective emotional and rarely critiqued within institutions At a time when nationalism is very much back on the political agenda this book highlights how museums reflect current political and social concerns *National Museums and the Origins of Nations* will appeal to academics and students engaged in the study of museums heritage politics nationalism and history

The Journal of Psychohistory, 1998 **Imagology** Manfred Beller, Joseph Theodoor Leerssen, 2007 How do national stereotypes emerge To which extent are they determined by historical or ideological circumstances or else by cultural literary or discursive conventions This first inclusive critical compendium on national characterizations and national cultural or ethnic stereotypes contains 120 articles by 73 contributors Its three parts offer 1 a number of in depth survey articles on ethnic and national images in European literatures and cultures over many centuries 2 an encyclopedic survey of the stereotypes and characterizations traditionally ascribed to various ethnicities and nationalities and 3 a conspectus of relevant concepts in various cultural fields and scholarly disciplines The volume as a whole as well as each of the articles has extensive bibliographies for further critical reading *Imagology* is intended both for students and for senior scholars facilitating not only a first acquaintance with the historical development typology and poetics of national stereotypes but also a deepening of our understanding and analytical perspective by interdisciplinary and comparative contextualization and

extensive cross referencing **Comparative Methods in the Social Sciences** Alan Sica,2005 *Journal of Cross-cultural Psychology* ,2002-07 **Report** Hoover Institution on War, Revolution, and Peace,1996 **Perspectives** ,1997

Archives européennes de sociologie ,2002 *AHA Perspectives* ,1997 **Journal of South Asian and Middle Eastern Studies** ,2002 **International Business and Globalization** John D. Daniels,Jeffrey Alan Krug,2007 *Social Inequality in Canada* Edward G. Grabb,Neil Guppy,2008

Social Inequality in Canada is a collection of twenty eight articles that cover all of the major aspects of social inequality The text covers two broad components objective or structural conditions of social inequality power poverty and wealth occupations and educational attainment in particular and ideologies that help support these differences Readers who would prefer a more egalitarian society than currently exists in Canada will find reasons for both optimism and pessimism in the research presented here The studies in this collection demonstrate that some types of inequality are generally becoming more marked over time while others have considerably diminished and still more that show little change in recent decades *After the End of History* Robert E. Lane,2006

A creative presentation of Lane s career research as an ongoing conversation between two fictitious social scientists with opposing views

Understanding the Political World James N. Danziger,1998

Adopting the Track of Expression: An Psychological Symphony within **National Character A Psycho Social Perspective**

In some sort of used by displays and the ceaseless chatter of quick connection, the melodic elegance and mental symphony developed by the written term usually fade into the backdrop, eclipsed by the persistent sound and distractions that permeate our lives. However, nestled within the pages of **National Character A Psycho Social Perspective** an enchanting literary treasure brimming with natural thoughts, lies an immersive symphony waiting to be embraced. Crafted by a wonderful composer of language, that captivating masterpiece conducts visitors on an emotional journey, skillfully unraveling the concealed songs and profound affect resonating within each cautiously constructed phrase. Within the depths with this poignant assessment, we shall explore the book is main harmonies, analyze its enthralling writing type, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
