

## NOTES

*Dear Batman* is a work of fiction. It should be performed by a male and entered in Prose Interpretation. Raymond, our protagonist, is a young man dealing with the pressures of undiagnosed depression. It is important to portray Raymond's likeability. The audience must like Raymond, in order to empathize and root for his success throughout his struggle with clinical depression. Because Raymond actually believes that Batman exists, there should definitely be a sense of naivety on the part of the performer. Raymond's asking of favors and advice from Batman are heartfelt; therefore, the performer should tap into that innocence and show Raymond's earnest attempts of connecting with his favorite Super Hero. There are a myriad of emotional levels found within this selection—humor, fear, sadness, confusion, embarrassment, and love. Really bring out the appropriate emotions in each letter to Batman. Play the moments with honesty. The iconic nature of Batman should immediately give the performer a sense of connection with the audience. Build that rapport by making everyone in the audience fall in love with Raymond. The drama mask icons are simply visible to show the performer where to turn his pages.

Dear Batman,

A few weeks ago, my younger sister was diagnosed with Muscular Dystrophy. Everyone in my family cried; that is, everyone except my sister. She just smiled, but she *always* smiles. She smiles no matter what's going on in our family. Some kids at school call her "retarded," but Mom says they're wrong. She's "mentally-challenged." I asked Mom if they didn't really mean the same thing, but she said, "No. There's a difference." I was just wondering if you had anything that could help her. You seem to have a gizmo for everything, and I thought maybe you had something that could cure her. I hope things are going good for you in Gotham City. If you can help in any way, I know we would all appreciate it.

Your friend,  
Raymond
