South African Statistics ,2005 **Finweek** ,2006-07 The Zuma Years Richard Calland,2013-08-16 The face of power in South Africa is rapidly changing for better and for worse The years since Thabo Mbeki was swept aside by Jacob Zuma s coalition of the wounded have been especially tumultuous with the rise and fall of populist politicians such as Julius Malema the terrible events at Marikana and the embarrassing Guptagate scandal What lies behind these developments How does the Zuma presidency exercise its power Who makes our foreign policy What goes on in cabinet meetings What is the state of play in the Alliance is the SACP really more powerful than before And as the landscape shifts what are the opposition s prospects In The Zuma Years Richard Calland attempts to answer these questions and more by holding up a mirror to the new establishment by exploring how people such as Malema Chief Justice Mogoeng Mogoeng and DA parliamentary leader Lindiwe Mazibuko have risen so fast by examining key drivers of transformation in South Africa such as the professions and the universities and by training a spotlight on the toxic mix of money and politics The Zuma Years is a fly on the wall insider s approach to the people who control the power that affects us all It takes you along the corridors of government and corporate power mixing solid research with vivid anecdote and interviews with key players The result is an accessible yet authoritative account of who runs South Africa and how today Practices and Perspectives of Teaching and Teacher Education in Africa Boadu, Gideon,Odhiambo, George,Marandi, Pegah,2023-09-25 Teacher education is a known variable that impacts the quality of teaching and schooling yet while research on practices in teaching and teacher education abound in other contexts there seems to be no comprehensive reference work on teaching and teacher education in Africa With Africa and the diaspora boasting rich diverse political and educational contexts and practices this gap in knowledge requires that attention be focused on investigating issues that shape the pace course and direction of teaching and teacher education in these contexts Practices and Perspectives of Teaching and Teacher Education in Africa facilitates scholarly discussions among scholars and practitioners about practices innovations and future possibilities for educating the next generation of competent students and teachers in Africa Covering topics such as educational reforms equity career progression and curriculum development this major reference work is ideal for administrators industry professionals researchers academicians scholars practitioners instructors and students The African Book Publishing Record ,2006 Parliamentary Papers Great Britain. Department of Basic Education,2016 Financial Mail ,2004-11 Precarious Power Susan Booysen,2021-02-01 An incisive analysis of South Africa s ANC power as party as government as state South Africa s African National Congress ANC is in decline its hegemony has been weakened its legitimacy diluted President Cyril Ramaphosa s appointment suspended the ANC s electoral decline it also heightened internal tensions between those who would deepen its acquired status as corrupt and captured and those who would remodel it as redeemable These are the

incontrovertible knowns of South African politics what will evolve from this is less certain In *Precarious Power* renowned political scientist Susan Booysen uses in depth research and analysis to distill that which is bound to shape South Africa's political future Booysen focuses on contradictory party politics and internal ANC dissent that is veiled for the sake of retaining an electoral following Also exposed is the incongruous populist policymaking protest politics and the use of soft law to ensure it does not alienate angry citizens fueling further discontent and protest The ANC's power has become exceedingly precarious *Precarious Power* is the name of the political game for the foreseeable future The comprehensive analysis in *Precarious Power* will appeal not only to political scientists and postgraduate students but to all who take a keen interest in current affairs

White Walls Tatyana Tolstaya, 2016-10-25 Tolstaya carves indelible people who roam the imagination long after the book is put down Time Tatyana Tolstaya's short stories with their unpredictable fairy tale plots appealingly eccentric characters and stylistic abundance and flair established her in the 1980s as one of modern Russia's finest writers Since then her work has been translated throughout the world Edna O'Brien has called Tolstaya an enchantress Anita Desai has spoken of her work's richness and ardent life Mixing heartbreak and humor dizzying flights of fantasy and plunging descents to earth Tolstaya is the natural successor in a great Russian literary lineage that includes Gogol Yuri Olesha Bulgakov and Nabokov *White Walls* is the most comprehensive collection of Tolstaya's short fiction to be published in English so far It presents the contents of her two previous collections *On the Golden Porch* and *Sleepwalker in a Fog* along with several previously uncollected stories Tolstaya writes of lonely children and lost love of philosophers of the absurd and poets working as janitors of angels and halfwits She shows how the extraordinary will suddenly erupt in the midst of ordinary life as she explores the human condition with a matchless combination of unbound imagination and unapologetic sympathy
