Men Of Japan:

Men and Masculinities in Contemporary Japan James E. Roberson, Nobue Suzuki, 2005-06-29 This book is the first comprehensive account of the changing role of men and the construction of masculinity in contemporary Japan It makes a significant contribution to our understanding of contemporary Japanese society and identity **Recreating Japanese Men** Sabine Frühstück, Anne Walthall, 2011-10-04 The essays in this groundbreaking book explore the meanings of manhood in Japan from the seventeenth to the twenty first centuries Recreating Japanese Men examines a broad range of attitudes regarding properly masculine pursuits and modes of behavior It charts breakdowns in traditional and conventional societal roles and the resulting crises of masculinity Contributors address key questions about Japanese manhood ranging from icons such as the samurai to marginal men including hermaphrodites robots techno geeks rock climbers shop clerks soldiers shoguns and more In addition to bringing historical evidence to bear on definitions of masculinity contributors provide fresh analyses on the ways contemporary modes and styles of masculinity have affected Japanese men s sense of gender as authentic and stable Cool Japanese Men Brigitte Steger, Angelika Koch, 2017 Japanese men are becoming cool The suit and tie salaryman remodels himself with beauty treatments and cool biz fashion Loyal company soldiers are reborn as cool attentive fathers Hip hop dance is as manly as martial arts Could it even be cool for middle aged men to idolize teenage girl popstars This collection of studies from the University of Cambridge provides fascinating insights into the contemporary lives of Japanese men as it looks behind the image of Cool Japan Series Japanese Studies Japonologie Vol 6 Subject Japanese Studies Cultural Studies **Doing Business with Japanese Men** Christalyn Brannen, Tracey Wilen, 1998-07-01 A must read for women who work for sell to or communicate with Japanese businesses Representative Men of Japan Essays (Classic Reprint) Kanzo Uchimura, 2016-07-22 Excerpt from Representative Men of Japan Essays This little book is a reprint with many corrections by a friendly hand of the main portion of what appeared under the title of Japan and Japanese during the war with China thirteen years ago Wi **Japanese in America** Elias Manchester Boddy, 1921 It is inconceivable that fewer than 100 000 Japanese willing to work exceedingly long hours at the hardest of tasks for economic success could create an international problem Yet at the present time such a problem seems to exist It is the belief of the author that were the average American to know the exact facts of the Japanese American situation there would be no problem A full understanding by the public is not at all difficult to arrive at providing the facts and not propaganda are furnished A certain section of the American Press has singled out the Japanese for vilification abuse and slander for the sole purpose of increasing its circulation by sensational methods We find the people of California constantly harassed by Anti Japanese Propaganda while the rest of the nation looks on expressing only a nominal interest and that more in the skill with which the propagandists have plied their art than in the subject of their discussion The purpose of the author in the present volume is to present as concisely as possible the history of the diplomatic industrial and social relations between Japan and the United

States to review the actual conditions in California and to present as fully as possible an account of the various forces and interests vitally concerned with the campaign of propaganda which has been and is now being waged The author is indebted to McMasters History of the People of the United States Harper s Encyclopedia of United States History A History of the Japanese People by Capt F Brinkley Encyclopedia Britannica the Japanese Association of America and Mr K Kanzaki
