The 'Estranged' Generation? Social and Generational Change in Interwar British Jewry David Dee, 2017-08-22 This book focuses on the nature and extent of social change integration and identity transformation within the Jewish community of Britain during the interwar years It probes the notion widely articulated by Jewish communal leaders at this time that the immigrant second generation i e British and foreign born children of Russian and Eastern European Jews who migrated to Britain in the late Victorian era up to the First World War had estranged themselves from their Jewishness Jewish elders and peers and were fast assimilating into the British mainstream The volume analyses the second generation's developing outlooks and behavioural trends in a variety of environments effectively charting the changes and continuities present therein As a whole the book sheds light on the varied ways in which this group developed new identities that both drew from and reflected their Jewish and British heritage

shaped London life acting as cheap labour contributing to the success of its financial sector its curry houses and its football clubs London's economy has long been driven by migrants from earlier continental financiers and more recent European Union citizens Without immigration fueled by globalization Panayi argues London would not have become the world city it is today
