Crew Resource Management:

Principles and Practice Paul LeSage, Jeff T. Dyar, Bruce Evans, 2009-11-23 Crew Resource Management CRM enables public safety teams to make the right decisions in the field quickly safely and together CRM stresses the importance of having strong leadership in place to guide a team's decision making process while encouraging individual team members to share critical information to help the team leader make the right decisions during an emergency The six step CRM process breaks down typical communication barriers by focusing on the team as a whole with a common goal The six steps are Using inquiry to evaluate procedure Using advocacy to respectfully question authority Using conflict resolution techniques to learn from errors Using strong leadership to make group decisions Observing and critiquing team decisions to meet mission goals Fostering an open and accepting team environment where members discuss options for team improvement Crew Resource Management Principles and Practice shows emergency response leaders how to implement CRM skills in their fire stations in their ambulances in their police vehicles and on the emergency scene The key features of this program include Case Studies Engaging and thought provoking case studies help the reader to plan responses to wide ranging emergencies These scenarios provide the reader with an opportunity to see how CRM applies to the real world Ready for Review Highlights critical information to take away from the chapter in a bulleted format Vital Vocabulary Key terms and definitions are highlighted throughout the text A complete glossary of chapter terms appears in the Wrap Up section at the end of the chapter 2011 157 pages

Effective Police Supervision Study Guide Chris Rush Burkey, Larry S. Miller, Michael C.

Braswell, 2017-03-16 Good police officers are often promoted to supervisory positions with little or none of the training it

takes to be a good manager An understanding of group behaviors and organizational dynamics is necessary to grasp the fundamentals of managing police officers The Effective Police Supervision Study Guide coordinates with the core text used in many college level classes and police departments to teach supervisory practices in criminal justice This study guide prepares both students and professionals for academic or promotional exams offering them an opportunity to fully review the material so that they are well prepared for testing This new edition like the new edition of the textbook it accompanies includes information on the following topics police accountability police involvement with news media the challenges of dealing with social media updates on legal considerations and ways to avoid another controversy like Ferguson Dallas or Baltimore

The Next Generation of Scientists in Africa Catherine Beaudry, Johann Mouton, 2018-11-23 Young scientists are a powerful resource for change and sustainable development as they drive innovation and knowledge creation However comparable findings on young scientists in various countries especially in Africa and developing regions are generally sparse Therefore empirical knowledge on the state of early career scientists is critical in order to address current challenges faced by those scientists in Africa This book reports on the main findings of a three and a half year international project in order to assist its readers in better understanding the African research system in general and more specifically its young scientists The first part of the book provides background on the state of science in Africa and bibliometric findings concerning Africa's scientific production and networks for the period 2005 to 2015 The second part of the book combines the findings of a large scale quantitative survey and more than 200 qualitative interviews to provide a detailed profile of young scientists and the barriers they face in terms of five aspects of their careers research output funding mobility collaboration and mentoring In each case field and gender differences are also taken into account The last part of the book comprises conclusions and recommendations to relevant policy and decision makers on desirable changes to current research systems in Africa
