Eleanor J. Sullivan, 1999 This is a unique new book that comprehensively examines future issues and trends in nursing. Chapters are contributed by an expert panel of nursing leaders in the areas of advanced practice education, research, and administration. Each chapter begins with a description of the current issues and trends, emphasizing the rapid and unprecedented changes in the 1990s. Following these descriptions are two scenarios that focus on future directions in nursing. These two scenarios present the probable future and the preferable future. Chapters conclude with discussion exercises that are designed to place students in situations in which they must solve the problems presented. Acceptance
