The Ultimate League of Legends Guide Daniel Ortega,2016-08-05 Greetings Summoners This is an article that aims to explain and teach players how to improve and refine their skills in League of Legends Due to the vast disparity of skill in the League of Legends community some points may not be understood by inexperienced players simply from lack of in game play time or knowledge The approach that I will take to assist in player improvement may work outside the context of League of Legends and into other MOBA style games But the examples within this guide will all be taken from within the

context of League of Legends This is not a guide that is intended to teach how to play any specific champion but rather a complete overview of how to play League of Legends as a whole so if you are looking for a guide on how to play a particular champion this guide is not for you Also for the most part each section in this guide is meant to be standalone so if you do not want to read it in its entirety feel free to skip around
