researches featuring theoretical and practical discussions of the proverb in cognition and culture To date there seems to be a  
need for state of the art research into this subject matter This volume aims at responding to this need The chapters  
contribute from a Cognitive Linguistics interdisciplinary perspective to the existing body of literature on the proverb The  
book begins with a first part containing three chapters concerned with theoretical discussions of proverbs in cognition and  
culture The three chapters in the second part ponder proverbs within a cognitive cross cultural perspective The third part of  
the volume includes three chapters that deal with the proverbs of individual languages and cultures The three chapters in the  
fourth part study proverbs and or related phenomena from a cognitive and cultural perspective snowclones idioms and  
proverbial phrases This book will be of interest to academics interested in proverbs within a cognitive linguistic framework  
and to scholars in the areas of language studies applied linguistics language teaching and learning and Cognitive Linguistics  
in general and to those researchers who wish to refine their knowledge about the cognitive activities featuring proverb use  
and their interaction with sociocultural contextual variables      **The Educational Times, and Journal of the College of**
