La Dialectique Des Rapports Hommes-femmes:

La dialectique des rapports hommes-femmes Thierry Blöss, 2001-11 La voie vers l'égalité des sexes est encore incertaine En mettant l'accent sur les changements intervenus dans les relations entre les hommes et les femmes dans les domaines de la vie publique et privée cet ouvrage fait apparaître la permanence d'un principe structurel de domination masculine Les comportements et les trajectoires des hommes et des femmes se sont certes rapprochés durant ces dernières années mais la remise en cause de la division sociale des rôles des sexes existe est poursuivre Synthèse critique des connaissances sociologiques sur l'état des distinctions et des relations entre les sexes en intégrant une double perspective temporelle relative aux évolutions historiques des rapports sociaux entre les sexes durant la deuxième moitié du XX^e siècle spatio-culturelle permettant de comparer la situation française celle des pays européens

Women in Jazz Marie Buscatto, 2021-12-30 *Women in Jazz Musicality Femininity Marginalization* examines the invisible discrimination against female musicians in the French jazz world and the ways in which women thrive as professionals despite such conditions The author shines a light on the paradox for women in jazz to express oneself in a feminine way is to be denigrated for it yet to behave in a masculine manner is to be devalued for a lack of femininity This masculine world ensures it is more difficult for women to be recognized as jazz musicians than it is for men even when musicians critics and audiences are ideologically opposed to discrimination Female singers are confined by the feminine stereotypes of their profession while female instrumentalists must comport themselves into traditionally masculine roles The author explores the academic and professional socializations of these musicians the musical choice they make and how they are perceived by jazz professionals as a result First published in French by CNRS Editions in 2007 and later reissued in paperback in 2018 with the author's postscript that nothing much has changed *Women in Jazz Musicality Femininity Marginalization* expands the conversation beyond the French border identifying female jazz musicians as a discriminated minority all around the world
