even as I stand alternately bewildered amused appalled and attracted by it In Makeover Nation he does just that in a witty no holds barred style Miller looks at the power of various forms of knowledge about people and their emotions as they have been applied to the US population from talk therapy to drug treatment He is particularly interested in young people in examining how childhood is constructed and pays close attention to the much favored and overused diagnosis and treatment of ADHD ADD He also focuses his attention on metrosexuals and right wing Christians to disclose how these opposing groups manifest their drive toward self creation Miller believes that we must question the pleasures of reinvention even as we embrace them
