### **Msbte Question Papers 5th Sem Computer:**

*Client Side Scripting* Anuradha A. Puntambekar, 2020-12-01 JavaScript is an important scripting language for almost every modern web application. It is simple for beginners but complex when you build a full scale application. The book is extremely user friendly. It assumes no programming experience and helps the students to learn the JavaScript in step by step manner with the help of illustrative examples. The first two units cover the fundamental concepts of JavaScript such as variables, operators, control structures, arrays, functions, and strings. In the third unit, the concept of form and event handling is discussed. This feature of JavaScript helps us to design the interactive web page with graphical user interface. In the next subsequent chapter, the book demonstrates how to create and manage cookies, how to create browser history, implementation of form validation with the help of regular expressions, creating rollover effects, and creating and handling frames. At the end, the book illustrates creation of banner, management of status bar, and creation of slideshows using JavaScript. This book serves the purpose of teaching JavaScript in the simplest and easiest manner. Electrical Technology Dilip G.

Tulshiramji, Gautami A. Pujare, Kiran Laxmikant Inamdar, **Success Mentor 15 Sample Question Papers Computer Applications Class 10th** Sourabh Joshi, 2025-07-31 This volume offers 15 fully solved sample question papers strictly following the latest ICSE examination pattern.
