Yeshayahu (Jesaiah) Ben-Aharon

Jesaiah Ben Aharon:

The New Experience of the Supersensible Jesaiah Ben-Aharon, 2007 According to Rudolf Steiner's spiritual science the greatest spiritual event of our time is the renewal and reawakening of our human suprasensory relationship to the higher spiritual worlds. The force that leads to this development, called by various names in different cultural and religious traditions, is called the Christ impulse by Anthroposophy in accordance with Christian terminology. Because of new naturally endowed suprasensory faculties, human beings are increasingly able to experience and perceive through an act of grace the great spiritual force of the Christ impulse. This experience is said to be a naturally given initiation, and today we increasingly hear of such suprasensory experiences. Today, however, a healthy approach to these natural phenomena requires us to comprehend suprasensory experiences with full awareness and clear thinking. This book builds an all-important bridge between the naturally given suprasensory experience and its conscious cognition. As a result, empirical suprasensory research can investigate the different aspects of Christ's etheric becoming and appearance in a way that both methodically and experientially fulfils the justified cognitive and scientific requirements of our age. This new paperback edition adds a new introductory chapter.

Spiritual Science in the 21st Century Yeshayahu Ben-Aharon, 2017-06-21 With love, humour and brilliant insight, Ben Aharon addresses some of the most critical questions of our age, ranging from artificial intelligence and global politics to education and postmodern philosophy. Although tackling diverse subject matter, this accessible anthology, delivered initially as lectures in locations as contrasting as New York, Oslo, and Munich, features a coherent inner rhythm. With his lively and intense presentation, the speaker invites us to share and participate in the creative process and the dynamic activity of incarnating new ideas, indeed to awaken to the very Spirit of our Time. Ben Aharon discusses his investigations into the Spiritual Event of the 21st Century, the working of spiritual beings in America, Central Europe, Scandinavia, and Israel; the renewal of education; the creative transformation of antisocial forces; Israel's diverse culture in the midst of the clash of civilizations; the new Christ Event and how it can break through our habitual patterns and our hardened thinking, feeling, and will; and the mission of the anthroposophical movement in our time. Informed throughout by decades of spiritual research and intimate experience, this volume contains mature and illuminating explorations into contemporary culture, history, and spiritual science.

America's Global Responsibility J. Ben-Ahron, 2004 In *America's Global Responsibility*, Jesaiah Ben Aharon reminds readers of the founding vision of the United States and the obligations inherent in the ideals set forth in the Declaration of Independence.

Jerusalem Yeshayahu (Jesaiah) Ben-Aharon, 2019-03-25 The better I understand the roots of the Hebrew people and its universal human mission, the better I shall understand the nature of humanity and its mission, and the more human I become in the most universal sense, anchored in a new spiritual knowledge and practice, the more fulfilled, active, and creative I can be at the roots of my existence as a Jew and an Israeli. Cognitive Yoga: How a Book is Born Yeshayahu Ben-Aharon,2017-11-17 This little book relates some experiences I had during the spiritual research which was eventually published in my book Cognitive Yoga Usually I am concerned with communicating the objective results of my research and not what I experienced whilst doing it But an objective description of what the individual soul undergoes during spiritual research can be valuable to the study of anthroposophy and to those who pursue the spiritual path themselves Through faithful inner work says the author the path of spiritual science can become a living spiritual being an intimate friend in the realms of soul and spirit This being can blossom into an extended spiritual community or school One can converse and co create with this spiritual school including the being of one s teacher by learning its inner language In 2012 Yeshayahu Ben Aharon was confronted with a major obstacle in his research work After struggling alone he felt he could not progress without consulting his colleagues in the spiritual world The intimate soul experiences described in this book took place during such a gathering a special festive occasion with an active and engaged community of spiritual beings I want to share some aspects of what I experienced during this event in the more personal and imaginative language of storytelling It is a kind of new individual Christmas nativity tale about the earthly ripening of a research problem its heavenly conception embryonic life and finally the birth on earth of what becomes a physical book printed black on white *The Three Meetings* Yeshayahu (Jesaiah) Ben-Aharon,2022-04-12 How can our souls unite with the etheric Christ experienced in the etheric world since the end of the last century What steps should we take in the second century of the age of Michael to unite with Him At the centre of humanity s evolution stands the Mystery of Golgotha through which the Christ impulse entered the earth Anthroposophy said Rudolf Steiner was given at the beginning of the last century to prepare for the second major Christ event the etheric Second Coming beginning in 1933 This Event is the portal that leads to the mighty and transformative happenings taking place in the etheric world right now enabling us to meet the etheric Christ Michael and Anthroposophia At the heart of this book is an existential question Early in his anthroposophical work Ben Aharon came to realize that without the light of spiritual science the meeting with the etheric Christ remained simply a personal experience Likewise without the new life forces streaming from the etheric Christ anthroposophy was merely a body

of knowledge frozen in time Both needed each other But how was that mutually enlivening bridge to be built Speaking candidly of his personal spiritual path and inner struggles of consciousness Ben Aharon tackles this fundamental dilemma as a prelude to the forthcoming second edition of his book *The New Experience of the Supersensible* Contents include The Ur Phenomena of the Modern Christ Experience Paul's Christ Experience and the Birth of Christian Platonism The Michaelic Yoga The Platonic Aristotelian Essence Exchange at the End of the Twentieth Century The Meeting with the Etheric Christ The Abyss and the Event of the Threshold The Knowledge Drama of the Second Coming The Meeting with Michael The Meeting with Anthroposophia **The Twilight and Resurrection of Humanity** Yeshayahu (Jesaiah)

Ben-Aharon, 2020-05-26 This unique work the fruit of many decades research and experience throws new light on the supersensible history and karma of the Michaelic movement since Rudolf Steiner's death It describes that movement's evolution and transformation in the etheric world during the twentieth century from the world changing apocalypse of the 1930s and 40s through to the beginning of its incarnation on Earth at the end of last century The book also focuses on developments in the practical and social work of building the community of the School of Spiritual Science which embodies the new Michaelic movement in our time As Ben Aharon indicates the Michaelic movement is searching for creative courageous and enthusiastic souls to foster a strong community that develops from one decade to the next as a living organism Based on the continuous resurrection of anthroposophy this community strives to create a fully conscious meeting and communication with the school of Michael and Christ in the etheric world in a form that is appropriate and demanded by the times The transcripts of these lectures bring together the author's experiences with anthroposophy over the last 42 years in the light of present communications from the spiritual world It is based on contemporary spiritual investigation and individual lived experience From the Contents The Amfortas Parsifal Duality of Modern Humanity The Twilight of Humanity and its Resurrection The Universal Language of Michael and the Being of Rudolf Steiner The Anthroposophical Movement in the Present The Etheric Form is Alive The Resurrection of the Etheric Christ in the 21st Century *Cognitive Yoga*

Yeshayahu Ben-Aharon, 2016-09-29 Are you ready to begin the process of making yourself a new etheric body and individuality In the last century Rudolf Steiner issued a challenge for practitioners of western spiritual science Would it be possible to develop a new form of cognitive or Michaelic yoga In contrast to the eastern yogis of old who practiced the spiritualization of inhalation and exhalation such contemporary yogic practice would involve a spiritualization of thinking as well as a transformation of perceptions and sensations In *Cognitive Yoga* Dr Ben Aharon responds to that call developing the entire modern yogic process and describing it in remarkable detail Through the methods presented committed practitioners of anthroposophy can create a living framework for spiritual research through a fully spiritualized thinking accompanied by a complete renewal of the experiences of perception and sensation as well as of the human body itself Included in the contents of this extraordinary book is a comprehensive guide to the spiritualization of the senses and how this leads to a transmutation

of the deepest and most unconscious bodily processes and functions Cognitive Yoga culminates in a pioneering description of a completely individualized meeting with the etheric Christ in the etheric world the most important spiritual and human experience that people can have in our time and over the millennia to come This seminal work built on decades of first hand research provides tangible evidence that western spiritual schooling is not only alive and well but also full of potential for future development Ben Aharon offers a fully formulated and practical guide to a knowledge of the present revelations of the spiritual world

The Time is at Hand! Yeshayahu (Jesaiah) Ben-Aharon,2024-03-15 The twenty first century is the second middle century of the three centuries of the present age of Michael and it is the most decisive one If humanity again misses Michael s goal it will hardly be possible to recuperate from it and human evolution will be derailed for a long time The present age of Michael can therefore rightly be called the Apocalypse of the age of Michael Yeshayahu Ben Aharon In five lively challenging lectures Dr Ben Aharon offers encouraging perspectives on the apocalyptic challenges facing humanity The key Michaelic task for human beings today he says is to comprehend fully the new revelation of the etheric Christ On the success of this depends humanity s resurrection from the abyss from the grave of civilization However it can still be achieved and the time is at hand The author describes the global School of Spiritual Science s contemporary work to create a path to conscious recognition of the Christ and Michael impulses Offering numerous fresh viewpoints into the trials of our time The Time is at Hand is an essential handbook for any serious student of anthroposophy The talks from 2017 and 2022 are titled Ahrimanic Immortality the Matrix and the Technological Singularity Michaelic Immortality The Two Apocalyptic Beasts and the Mystery of the Wound Follow This Star and The Time is at Hand
