*Contemporary Morphological Theories* Thomas W Stewart, 2015-11-16 In spite of the central position that the concept word has among the basic units of language structure there is no consensus as to the definition of this concept or network of related concepts Many perspectives are needed in order to gain even a schematic idea of what words are how words may be composed and what relationships there might be between words Many linguists have put forward frameworks for describing the domain of morphology each framework proceeding from its author's assumptions prioritizing distinct formal and functional dimensions and therefore entering into de facto competition This book addresses the needs of the language scholar student who finds her/himself engaged in morphological analysis and theorizing It offers a guide to existing approaches revealing how they can either complement or compete with each other *The Beginner's Guide to Vinyl* Jenna Miles, 2016-12-02 The ultimate guide to starting and keeping a record collection Vinyl records are back in a big way Music lovers are turning back to vinyl for its pure sound and the fun of collecting If you're ready to take the plunge *The Beginner's Guide to Vinyl* will walk you through the basics of what is sure to become your newest passion Whether your musical tastes are jazz rock country classical or show tunes you can find vinyl records from your favorite artists but you have to know where to look And DJ turned vinyl expert Jenna Miles will let you know all that and more Check out How records are made Where to purchase a turntable How to take care of both the machine and your vinyl records And more If you're a more advanced audiophile you'll find plenty of information about hardware beyond the entry level options along with a backstage pass to tidbits and stories about artists and the industry that you've never heard before It's the next best thing to an afternoon spent at the record store **Strategic Studies Reference Guide**, 1977 Library Literature H.W. Wilson Company, 1981 An index to library and information science **Picturing Canada** Gail Edwards, Judith Saltman, 2014-07-31 The study of children's illustrated books is located within the broad histories of print culture publishing the book trade and concepts of childhood An interdisciplinary history *Picturing Canada* provides a critical understanding of the changing geographical historical and cultural aspects of Canadian identity as seen through the lens of children's publishing over two centuries Gail Edwards and Judith Saltman illuminate the connection between children's publishing and Canadian nationalism analyse the gendered history of children's librarianship identify changes and continuities in narrative themes and artistic styles and explore recent changes in the creation and consumption of children's illustrated books Over 130 interviews with Canadian authors illustrators editors librarians booksellers critics and other contributors to Canadian children's book publishing document the experiences of those who worked in the industry An important and wholly original work *Picturing Canada* is fundamental to our understanding of publishing history and the history of childhood itself in Canada *Connecting Visual Literacy to Theory* Ricardo Lopez-Leon, Dana Statton Thompson, 2024-07-12 This volume seeks to close the gap between education systems across the world that remain systematically devoted to understanding our world through text rather than

images Through an exploration of the contributions of well and lesser known visual thinkers from across disciplines and geographies the contributors offer contemporary appraisals and modern re conceptualizations of the subject The book illuminates how experts from various disciplines ranging from art communication education and philosophy laid the foundations for what we know today as visual literacy These foundations and innovative ways of thinking and understanding images have been disruptive but until now have been relatively understudied As such the chapters examine the context of individual thinkers expanding upon famous theories and providing new insight into why these visual and cognitive processes are imperative to learning and education and to disciplines spanning art history museum studies philosophy photography and more The authors all members of the International Visual Literacy Association IVLA are committed to advancing the study of visual literacy by raising new questions and proposing new routes of inquiry A unique and timely exploration of the way we derive meaning from what we see and how we interact with our visual environment it will appeal to researchers scholars and educators from a range of interdisciplinary backgrounds across art art education art history design information science photography and visual communication
