2004

Right to Information and Good Governance Rajvir Singh Dhaka, 2018-01-01 It is now widely recognized that democracy to be meaningful ought to be based on the notion of an informed public participating thoughtfully in its own governance Information and knowledge are the instruments for transformation because an empowered citizenry tends to make administration more accountable and participatory It also ensures greater transparency and acts as a deterrent against the arbitrary exercise of official powers The RTI has not only improved governance that is why it has now been recognized as an essential requirement of good governance The enactment of RTI Act in India in 2005 marked a paradigm shift in Indian democracy The experience of ten years shows that the response to it has been very positive A wide spectrum of people from various strata of society have been seeking different types of information from various authorities The book analyses the right to information in international and national scenarios The book offers a comprehensive appraisal of the need of the RTI Act 2005 it covers salient features important judgements of Supreme and High Courts and points out the grey areas of the Act as well The book also highlights the role and responsibilities of the Assistant Public Information Officers Public Information Officers First Appellate Authorities and Information Commissions In addition the book delineates the practical aspects of its implementations therefore pinpointing the impediments in its effective implementation as well as charting the roadmap for the bright future in the days to come To facilitate the comparative and better understanding of the implementation of RTI Act in the states certain relevant and important RTI Rules of Centre and States have been included in the book at the end The book is designed to help the information seekers policy makers public authorities and of course the students

*The Right to Information Act 2005* Sudhir Naib, 2011-01-24 The Indian state till recently denied information about its functioning and decision making to its citizens ironically using laws made during the colonial period Apart from being an anomaly in a democratic set up it created an adverse impact on the quality of governance accountability and transparency It was only in 2005 after a prolonged freedom of information movement that this situation was finally rectified

The government enacted the landmark Right to Information Act 2005 and gave to all its citizens the right to access information held by or under the control of public authorities This Handbook is meant to serve as a practical guide to the implementation of the Act The book begins by locating the Act in the context of a global movement for freedom of information FOI and discusses the efforts made by international bodies for adoption of FOI It also presents a detailed comparative study of FOI in five countries the US the UK Canada South Africa and India In subsequent chapters the book adopting a step by step approach discusses the provisions of the Right to Information Act how citizens should make use of the right to information the comprehensive guidelines for public authorities and their obligations under the Act which includes relevant central information commission decisions the role of the public information officers PIO who are to be appointed as per the provisions in the Act by all public authorities the exemptions allowed under the Act and finally the appellate authorities to whom a citizen can appeal in case of unsatisfactory response by the PIO
