## **Limpopo University Second Semester 2015 Intake:**

**Annual Report ...** South Africa. Department of Higher Education and Training, 2016      **In Pursuit of Epistemic Healing in South African Universities** Wanelisa Xaba, 2025-09-30 This book demonstrates the epistemic challenges in the South African education system and asks readers to think critically about the university's role in a decolonial future. Wanelisa Xaba reveals how Western colonial educational models severed indigenous ways of knowing and learning across the Global South and settler colonial contexts. Presenting narratives capturing ongoing histories of violence, this book shows how Black South African students navigate intersecting identities of race, class, gender, and spirituality within university settings. It shows how racial discrimination from fellow students, academics, and staff, coupled with discriminatory language policies, financial exclusion, and violent colonial curricula, affects Black students' wellbeing on university campuses. Xaba argues that these intersecting colonial violences mirror spiritual violence, hinder their holistic citizenship in South African universities, and result in psycho-spiritual disease. By centring Black students' voices, this book provides crucial insights for educators, policymakers, activists, healers, and institutions committed to creating affirming academic spaces and epistemic healing. It is an insightful read for scholars researching decoloniality in higher education, as well as students of feminist studies, decolonial theory, educational justice, and critical university studies.      **The Report: South Africa 2014** Oxford Business

Group, 2014-12-08. Indeed, since the end of apartheid in 1994, South Africa has become a major diplomatic player both on the African continent as well as further afield. Despite the size of South Africa's economy, the country currently faces a number of major economic challenges. As of the end of July 2014, the unemployment rate was at 25.5% according to data from Statistics South Africa, which was among the highest in the world. While the government's long-term development plans are generally highly regarded, delivery and execution has occasionally been problematic. While there are major hurdles that must be cleared, given the country's strong institutions and the rapid pace of economic expansion over the past two decades, South Africa should be able to look forward to 20 more years of peace and steady, sustained economic growth.      **Whites and Democracy in South Africa** Roger Southall, 2022

Introduction PART ONE FROM SETTLERS TO DEMOCRACY 1 The Politics of White Rule 2 Putting the Liberal into Democracy 3 Securing the Transition: Whites and the TRC 4 Looking Back: Whites and the TRC Today PART TWO WHITES AS DEMOCRATS 5 White Hopes, Fears, and Fate after 1994 6 Disillusion and Dystopia 7 Staying Put and Getting on with Life 8 Political Liberalism after Apartheid: The Democratic Alliance 9 Afrikaner Politics after Apartheid 10 Whites as Citizens PART THREE CONCLUSION BEYOND RACE 11 Is there White in the Rainbow?

*Hunger and Poverty in South Africa* Jacqueline Hanoman, 2017-09-01. *Hunger and Poverty in South Africa: The Hidden Faces of Food Insecurity* explores food insecurity as an issue of socioeconomic, political, cultural, and environmental inequity and inequality. Based on extensive original research in Free State Province, South Africa, the book explores how people living in poverty make meaning of their food circumstances within the socio-cultural, political, and economic contexts of post-

apartheid South Africa how they view the government's food security policies and programs and their perceived agency to affect change The personal narratives contained in the book show that food insecurity is shaped by many issues among which are structural poverty racism attempts or non attempts at reconciliation during and after apartheid public health issues such as HIV AIDS and environmental circumstances At a time when most discourse around food insecurity focuses on how to provide more food to people facing hunger this book's multidimensional approach is a valuable contribution to the contemporary dialogue on poverty food security insecurity sustainability and democratic agency both within South Africa and around the world This book will be of interest to researchers in the areas of food security multidimensional poverty democratic agency and sustainable development both in South Africa and internationally *The World Guide* ,2001
