Race and Ethnicity in English Language Teaching Christopher Joseph Jenks, 2017-08-14 This book examines racism and racialized discourses in the ELT profession in South Korea The book is informed by a number of different critical approaches to race and discourse and the discussions contained in the chapters offer one way of exploring how the ELT profession can be understood from such perspectives Observations made are based on the understanding that racism should not be viewed as individual acts of discrimination but rather as a system of social structures While the book is principally concerned with language teaching and learning in South Korea the findings are situated in a wider discussion of race and ethnicity in the global ELT profession The book makes the following argument White normativity is an ideological commitment and a form of racialized discourse that comes from the social actions of those involved in the ELT profession this normative model or ideal standard constructs a system of racial discrimination that is founded on White privilege saviorism and neoliberalism Drawing on a wide range of data sources this book is a must read for anyone interested in critically examining ELT

English in China Songqing Li, 2022-06-14 English related linguistic creativity and language commodification are a constant topic of interest and analysis for scholars This volume is intended to initiate a dialogue between these two domains of inquiry that have been abundantly addressed but rarely documented together or in relation to one another English as used in mainland China is presented as a case study where it remains rather unclear the extent to which the language is actually used in people's lives outside the domain of education The volume enriches existing empirical

studies by exploring the creative and innovative uses of English in people's lives and its commodification at different language centred economic spaces within China while also providing an update of our understanding of the sociolinguistic situation of English in China a country undergoing rapid socio economic transformation English in China is the first attempt to discuss the possible relationship intersection and tension between two seemingly inseparable research topics The book is an important resource for students and scholars in the fields of Applied Linguistics Bilingualism Sociolinguistics Translation and Contemporary Chinese Studies
