Kennedy* William W. Turner,Jon G. Christian,1978 Around midnight shortly after claiming victory in the California presidential primary on June 5 1968 Senator Robert Kennedy walked into a deadly spray of gunfire Immediately the Los Angeles Police Department concluded that the assassin Sirhan Sirhan had acted alone The FBI conducted a parallel inquiry and concurred And the vast majority of the American people accepted their opinion In this book mysteriously suppressed on its initial publication former FBI agent William Turner and investigative reporter Jonn Christian expose evidence that Sirhan did not act alone Based on more than ten years of intensive research Turner and Christian raise serious questions about RFK s murder What was the virtually apolitical Sirhan s motive Why if Sirhan was standing in front of his victim were the fatal wounds in the back of Kennedy s head Why were there too many spent bullets some the wrong size for Sirhan s gun Did the LAPD discredit witnesses try to make them alter their stories and destroy key records Was Sirhan in fact a Manchurian Candidate programmed through hypnosis either to kill Kennedy or divert attention while others did the job The Assassination of Robert F Kennedy makes the case that the murder of RFK and the subsequent police and government investigations bear all the hallmarks of the conspiracy surrounding the assassination of John F Kennedy and the resulting Warren Commission It is a fascinating and chilling reexamination of the tragic events that undoubtedly changed the course of American history
