The Greater Key of Solomon Samuel Mathers, 2016-09-22 One of the most renowned of all grimoires the Greater Key of Solomon is a translated compilation of Solomonic magic taken from seven different manuscripts ranging from the 15th to 17th centuries Compiled by Samuel Liddell MacGregor Mathers at the end of the 1800s its content is partially diabolical partially god fearing and completely magickal Through the rites listed within the text which is broken into two books the master or operator is said to be capable of calling forth a number of demonic spirits and securing various powers and abilities partly through conjuring partly through the use of pentacles and talismans Additional experiments in invisibility restoring lost property and more are also listed It contains an interesting passage regarding crafting a magic carpet and several spiritual texts related to Kabbalah The mage is warned repeatedly by Mathers and by Solomon within the context of the work itself to remain chaste and pure for otherwise is to invoke the wrath of the entire cosmos Fully Illustrated
