Vocabulary: angle of incidence, angle of reflection, laser, law of reflection, plane mirror, reflection

Prior Knowledge Questions (Do these BEFORE using the Gizmo.)

Imagine you shine a flashlight directly at a mirror, as shown below.

1. Click the image, click **Edit** Draw an arrow showing the direction you think the beam of light will most likely reflect off the mirror.

2. Click the image, click **Edit** Suppose you tilt the mirror. Draw an arrow showing the direction the beam will most likely reflect off the mirror now.

Gizmo Warm-up

Flashlights produce wide beams of light that have various wavelengths. A **laser**, on the other hand, is a narrow beam of light with only one wavelength. All the waves in a laser beam are parallel to one another. As a result, lasers are ideal for studying **reflection**, or how waves bounce off a surface.

Using the *Laser Reflection* Gizmo, you can adjust the position of a laser beam and mirror to study how light behaves when it is reflected.

1. Drag the **Angle** slider back and forth. Describe what happens to the reflected laser beam:

the laser reflects off a different angle

2. Drag the laser up and down. Describe what happens to the reflected laser beam:

the angles move

Mirror Gizmo Questions:

Philosophical Reflections on Black Mirror Dan Shaw, Kingsley Marshall, James Rocha, 2021-12-16 Black Mirror is a cultural phenomenon. It is a creative and sometimes shocking examination of modern society and the improbable consequences of technological progress. The episodes typically set in an alternative present or the near future usually have a dark and satirical twist that provokes intense question both of the self and society at large. These kind of philosophical provocations are at the very heart of the show. Philosophical reflections on Black Mirror draws upon thinkers such as Friedrich Nietzsche, Pierre Hadot and Michel Foucault to uncover how Black Mirror acts as philosophical television questioning human morality and humanity's vulnerability when faced with the inexorable advance of technology. **Animal Soul Contracts** Tammy Billups, 2020-04-07 A guide to discovering the spiritual agreements between our souls and those of our animal companions. 2021 Coalition of Visionary Resources Gold Award Explains how animals have physical or behavioral issues to evolve their souls as well as help our soul's evolution and release past life karma. Describes what happens energetically and spiritually with animals in the weeks before they transition and during their passing. Includes practical instructions for identifying the different types of animal soul contracts and aligning with them to assist your shared evolutionary journey. Animal lovers are extraordinary. Despite awareness that we will probably outlive our beloved pets we are still drawn time and time again to the connection, joy and unconditional love that come with sharing our lives, homes and laps with animals. Many of us feel something deeper than just companionship with our animal friends, a heart-to-heart connection felt all the way to the soul level. Revealing the higher purpose and soul mission behind our relationships with our animal companions. Tammy Billups explores the spiritual contracts that are created when a human bonds with an animal and shows how we come into each other's lives for a reason. Providing real-life examples, Billups explains why animals choose at the soul level to have certain perceived negative experiences such as physical or behavioral issues to evolve their souls, clear karma and help our soul's evolution. She shows that human and animal souls orchestrate every experience and interaction that holds potential for transformation and healing, including the final transition. She demonstrates the inner dynamics of the animal-human relationship to help animal lovers understand their soul contracts with their pets. The inspirational real-life examples of animal-human tandem healings that Billups facilitated identify the soul contracts within each pairing that transformed feelings of grief, loss, abandonment, betrayal, trauma, abuse and anxiety. The author reveals how animals we have previously loved and shared our lives with come back either on the spirit level or reincarnated in a new animal form to support us. Offering peace and hope to those who've lost beloved animal companions, she describes what she's witnessed during healing sessions with animals in the weeks before they transition and during their passing. Billups also includes practical instructions for identifying different types of animal soul contracts and connecting with and enlisting the help of your light team or spirit guides. By discovering the soul agreements that underlie our animal partnerships, we can find

meaning in the issues that arise with our animals and ourselves support our souls mutual evolution and allow the soul contracts to weave their spiritual magic in the animal human relationship Costly Reflections in a Midas Mirror D.
