Subject Guide to Books in Print ,1971 **Metamorphoses of the Werewolf** Leslie A. Sconduto,2014-01-10 The mythical werewolf is known for its sudden transformation under the full moon but the creature also underwent a narrative evolution through the centuries from bloodthirsty creature to hero Beginning with The Epic of Gilgamesh Ovid s Metamorphoses and an account in Petronius Satyricon the book analyzes the context that created the traditional image of the werewolf as a savage beast The Catholic Church s response to the popular belief in werewolves and medieval literature s sympathetic depiction of the werewolf as victim are presented to support the idea of the werewolf as a complex and varied cultural symbol Instructors considering this book for use in a course may request an examination copy here
