

Norman Solomon
JUDAISM
A Very Short Introduction

Read by David Horovitch

This **Very Short Introduction** discusses Judaism as a living religion in all its contemporary richness and variety. How has it changed since the days of the Bible, or even since the time of Jesus? What sects and divisions does it have, and how does it respond to the challenges of modernity? How does the secular state of Israel resolve the conflicts of 'Church' and State?

Norman Solomon provides an accessible and perceptive introduction to the central features and characters of Judaism, from its spiritual leaders, poets, and philosophers, to its eccentrics, including the mystic who tried to convert the pope, and the Berber princess who held up the Arab invasion of Spain.

Kabbalah Joseph Dan, 2005-11-01 In *Kabbalah A Very Short Introduction* Joseph Dan one of the world s leading authorities on Jewish mysticism offers a concise and highly accurate look at the history and character of the various systems developed by the adherents of the Kabbalah Dan sheds light on the many misconceptions about what Kabbalah is and isn t including its connections to magic astronomy alchemy and numerology and he illuminates the relationship between Kabbalah and Christianity on the one hand and New Age religion on the other The book provides fascinating historical background ranging from the mystical groups that flourished in ancient Judaism in the East and the medieval schools of Kabbalah in Northern Spain and Southern France to the widening growth of Kabbalah through the school of Isaac Luria of Safed in the sixteenth century to the most potent and influential modern Jewish religious movement Hasidism and its use of kabbalistic language in its preaching The book examines the key ancient texts of this tradition including the *Sefer Yezira* or Book of Creation The Book of Bahir and the Zohar Dan explains Midrash the classical Jewish exegesis of scriptures which assumes an infinity of meanings for every biblical verse and he concludes with a brief survey of scholarship in the field and a list of books for further reading Embraced by celebrities and integrated in many contemporary spiritual phenomena Kabbalah has reaped a wealth of attention in the press But many critics argue that the form of Kabbalah practiced in Hollywood is more New Age pabulum than authentic tradition Can there be a positive role for the Kabbalah in the contemporary quest for spirituality In *Kabbalah* Joseph Dan debunks the myths surrounding modern

Myers, 2017-04-18 How have the Jews survived For millennia they have defied odds by overcoming the travails of exile persecution and recurring plans for their annihilation Many have attempted to explain this singular success as a result of divine intervention In this engaging book David N Myers charts the long journey of the Jews through history At the same time it points to two unlikely and decidedly this worldly factors to explain the survival of the Jews antisemitism and assimilation Usually regarded as grave dangers these two factors have continually interacted with one other to enable the persistence of the Jews At every turn in their history not just in the modern age Jews have adapted to new environments cultures languages and social norms These bountiful encounters with host societies have exercised the cultural muscle of the Jews preventing the atrophy that would have occurred if they had not interacted so extensively with the non Jewish world It is through these encounters indeed through a process of assimilation that Jews came to develop distinct local customs speak many different languages and cultivate diverse musical culinary and intellectual traditions Left unchecked the Jews well honed ability to absorb from surrounding cultures might have led to their disappearance And yet the route toward full and unbridled assimilation was checked by the nearly constant presence of hatred toward the Jew Anti Jewish expression and actions have regularly accompanied Jews throughout history Part of the ironic success of antisemitism is its malleability its talent in assuming new forms and portraying the Jew in diverse and often contradictory images for example at once the arch capitalist and revolutionary Communist Antisemitism not only served to blunt further assimilation but in a paradoxical twist affirmed the Jew s sense of difference from the host society And thus together assimilation and antisemitism at least up to a certain limit contribute to the survival of the Jews as a highly adaptable and yet distinct group **Death, Religion and Law** Peter Hutton, Ravi Mahajan, Allan
