Diasporas, Voting and Linguistic Justice Matteo Bonotti, Chiara De Lazzari, Narelle Miragliotta, 2025-11-16 This open access book analyses the relationship between language proficiency and political participation from abroad among Italians living in Australia focusing specifically on second and third generation Italians It evaluates how confident second and third generation Italians in Australia are in understanding and participating in Italian political debates from abroad The book also

assesses how effective Italy s language policies are in providing Italians in Australia with the language skills necessary to understand and participate in those debates and be informed voters Furthermore it advances more general policy proposals to improve language proficiency and political participation among transnational communities abroad By providing a solid empirical analysis based on mixed methods combining survey data and semi structured in depth interviews informed by a rigorous theoretical framework this book is a great resource for students and academics working on migration studies transnational politics and linguistic justice as well as for policymakers and other key stakeholders concerned with the Harbors, Flows, and Migrations Anna De Biasio, Gianna promotion of homeland languages among citizens living abroad Fusco, 2017-05-11 Poised between the land and the sea enabling the dynamic flow of people and goods while also figuratively representing a safe place of rest and refuge the harbor constitutes a liminal ambivalent space par excellence that has been central to the American imagination and history since the early colonial days From the mythical tales of discovery and foundation to the endless flows of migrants through the dark pages of the slave trade and the imperialistic dream of an ever expanding nation harbors both as a trope and as physical spaces powerfully signify the American experience Today at a time when ideas of border protection and policing gain political prominence in the U S and elsewhere harbors and the constellation of meanings they subsume have become an even more crucial object of critical inquiry In this volume thirty two American Studies scholars from around the world interrogate the manifold significance of ports and of the exchanges they enable or restrain casting a decentered look onto the complex positioning of the United States in its political ideological and cultural relationships with the rest of the world This collection thus offers a cutting edge interdisciplinary investigation of the U S A engaging the most recent trends in American Studies and actively participating in the international and transnational reconfiguration of the field Ciao, America! Beppe Severgnini, 2002-06-18 In the wry but affectionate tradition of Bill Bryson Ciao America is a delightful look at America through the eyes of a fiercely funny guest one of Italy s favorite authors who spent a year in Washington D C When Beppe Severgnini and his wife rented a creaky house in Georgetown they were determined to see if they could adapt to a full four seasons in a country obsessed with ice cubes air conditioning recliner chairs and of all things after dinner cappuccinos From their first encounters with cryptic rental listings to their back to Europe yard sale twelve months later Beppe explores this foreign land with the self described patience of a mildly inappropriate beachcomber holding up a mirror to America's signature manners and mores Succumbing to his surroundings day by day he and his wife find themselves developing a taste for Klondike bars and Samuel Adams beer and even that most peculiar of American institutions the pancake house The realtor who waves a perfect bye bye the overzealous mattress salesman who bounces from bed to bed and the plumber named Marx who deals in illegally powerful showerheads are just a few of the better than fiction characters the Severgninis encounter while foraging for clues to the real America A trip to the computer store proves just as revealing as D C s Fourth of July celebration as do boisterous waiters angling for tips and no

parking signs crammed with a dozen lines of fine print By the end of his visit Severgnini has come to grips with life in these United States and written a charming laugh out loud tribute Il voto italiano all'estero Simone Battiston.Bruno Mascitelli, 2012 The novelties brought in by the legislature on the Italian vote abroad marked a turning point both for Italian politics with the introduction of foreign representation and for the communities of Italians abroad But what opinion do our expatriate co nationals have of the Italian vote And has voting from abroad brought our global co nationals closer or not to Italian politics Italy and or their Italian heritage And then who are the Italians in the world How many are there and where are they concentrated This book offers an up to date reading of the experiences of the Italian vote in the world from 2003 to date analysis of the results of a survey into the participation of Italians abroad in the 2006 political elections as well as cues reflections and considerations on the topic of Italian emigration and the Italian vote abroad Sette, settimanale del Corriere della sera .2001 ANNO 2022 LA CULTURA ED I MEDIA SETTIMA PARTE ANTONIO GIANGRANDE, Antonio Giangrande orgoglioso di essere diverso ODIO OSTENTAZIONE IMPOSIZIONE E MENZOGNA Si nasce senza volerlo Si muore senza volerlo Si vive una vita di prese per il culo Tu esisti se la tv ti considera La Tv esiste se tu la guardi I Fatti son fatti oggettivi naturali e rimangono tali Le Opinioni sono atti soggettivi cangianti Le opinioni se sono oggetto di discussione ed approfondimento diventano testimonianze Ergo Fatti Con me le Opinioni cangianti e contrapposte diventano fatti Con me la Cronaca diventa Storia Noi siamo quello che altri hanno voluto che diventassimo Facciamo in modo che diventiamo quello che noi avremmo rafforzativo di saremmo voluto diventare Rappresentare con verit storica anche scomoda ai potenti di turno la realt contemporanea rapportandola al passato e proiettandola al futuro Per non reiterare vecchi errori Perch la massa dimentica o non conosce Denuncio i difetti e caldeggio i pregi italici Perch non abbiamo orgoglio e dignit per migliorarci e perch non sappiamo apprezzare tutelare e promuovere quello che abbiamo ereditato dai nostri avi Insomma siamo bravi a farci del male e qualcuno deve pur essere diverso Costruire rivista mensile fascista .1928 Patria e colonie .1913
